Finding Your Session Location

Using the Map and Index – The centerfold map and the index of campus buildings and features (page 12) will help you get around. The map edges have lines of letters (left and right) and numbers (top and bottom) that create the index coordinates. For example, the index shows that Spartan Stadium is near D-6 on the map. Find the letter D's on the map's sides, then the number 6's on its top and bottom. Draw an imaginary line between the two letters and another one between the two numbers. You'll find Spartan Stadium near where those imaginary lines cross on the map.

Use the interactive MSU map at *http://maps.msu.edu/interactive* to navigate with a smartphone. For example, type "Berkey Hall" into the search box and that building will be highlighted on the map and its address given. You can then use the map's wayfinding feature to guide you.

Field Trip Buses – If your session is going on a field trip, look for the field trip bus loading site on your map. It's near **D-12** and marked with an **F** in a box. All field trips will leave from this location at the scheduled session starting time (unless a different departure time or location is listed).

Arrive at the field trip bus loading area 15 to 20 minutes before your session's scheduled departure time, because once your bus leaves, there's no other way for you to get to your session.

Shuttle Buses – Please plan to walk to activities as much as possible. Limited shuttle bus service is provided by MSU buses labeled with bright green "4-H" signs. The centerfold map shows the shuttle route. Shuttle buses stop at the places marked on the map with circled numbers. These are the only places where you can get on and off shuttle buses.

Remember: Look for bus designations and window signs that refer to 4-H, and only board 4-H buses.
