Judge: Austin Thompson

Michigan Exhibition Swine Official ID: All hogs that are exhibited/unloaded at the Green & White event must have official ID tags approved by Michigan Department of Agriculture & Rural Development (MDARD). USDA (840) Approved Tags are preferred. Please note, before ordering tags, a premise ID number must be obtained from MDARD. We recommend that you contact MDARD to obtain your premise ID number and purchase tags from one of the available vendors as soon as possible as it may take up to 4 weeks to obtain these special order tags. These tags will be necessary for Green & White as well as fairs and exhibitions during the summer of 2018 (and forward). For any exhibitor that is not able to obtain the appropriate premise ID and 840 tags, the Green & White Committee will provide a NUES tag for ID purposes, these tags will be issued for \$10 per tag and ownership information will be reported to MDARD as required. Please review the Official ID flyer that is available on this web site, or contact Carla at 517-432-5402 or MCLACHL2@msu.edu for additional information.

Arrangements must be completed by the exhibitors. **NO TRUCKING will be available Sunday.** All pigs must be removed from the Pavilion within 2 hours of the completion of the show on Sunday. To improve the health of the Show Pig Industry, any pig entered at Green and White may be randomly selected to be nasal swabbed for baseline data. Exhibitor approval will be requested prior to swabbing.

Swine Production Scenario Contest

Chairperson: Beth Ferry – 269-445-4438

Overview

In an effort to familiarize youth with different aspects of raising pigs, the Green and White educational committee has designed a new contest for youth. Teams of up to 4 and no less than 2 youth will be given a question on the day of the contest related to a specific topic (topic areas have been determined below) and asked to make a presentation addressing the question to a panel of judges. There will also be a question/answer period for each team. Judges will evaluate each presentation on accuracy and the ideas presented, how well the presentation addressed the question, ability to answer the judge's questions and overall effectiveness of the team.

Contest Rules:

You may not discuss this scenario with anyone other than your own team members or designated resource person.

1. Teams will be asked to prepare a 4-6-minute presentation addressing a question given to you at the time of competition. The questions will be selected from the topic areas listed below. The topics are provided so that research and study can be done before the contest. At the contest, teams will be given 30 minutes to prepare for their presentation and question/answer period. During this time, they will be allowed to use resource material and one resource person to prepare.
2. No mobile devices (other than the contest supervisor's phone) or computers will be allowed in the preparation area. Paper, pencils, one piece of poster board and markers will be supplied for each group in the presentation area.
3. At the conclusion of the preparation time (30 minutes) the teams will give their presentation to a panel of judges and have 5 minutes to answer questions from the judges.
4. Each team member must verbally participate in the presentation.
5. Younger team members may compete as a team member in an older division; older youth will not be allowed to compete in a lower age level division.

Resources:

1. Teams will be allowed to bring 5 pieces of paper (double sided) as resource material with them into the preparation area.
2. Teams will be allowed to make one phone call (3 minutes in length) to a pre-designated resource person. The purpose of this call is to clarify information and ask questions.
 - o If using a resource person, teams will be required to turn in a list of up to 3 resource people (including name, position or title and contact number) at the judges meeting.
 - o If the team elects to make a call to one of their resource people, they will talk to the contest supervisor to make this request, the supervisor's phone will be used to make the call.
 - o It is up to the team to contact their resource people prior to the contest to ensure availability during the contest time.

Scenario Contest Topic Areas:

1. Junior: 9 to 12 years of age. *Improving pig health on your farm. Question: What things would you do to help improve the health of the pigs on your farm?
