GOOD NEWS
Over the weekend the Department was notified that Dr. Janice Siegford has been selected as the 2013 CANR Established Teacher Award recipient. Janice will be recognized at the CANR spring commencement ceremony on Saturday May 4th at 7:30pm in the Breslin Center. Janice receives a $2,000 cash award along with $1,000 award for use in educational programs and professional development. A special adornment is also given to be worn on academic apparel in perpetuity as recognition of her achievement.
Congratulations Janice!

Name: ___________________________ Phone: ___________________________
Email: ___________________________ Size of Roast (4-12lbs) ______ ± ½ lb

Emergency Generator Testing
The Physical Plant Maintenance personnel will be testing the emergency generator at ANTHONY HALL. This will require Physical Plant electricians to have the life safety systems power off on Friday, March 8, 2013 from 6:15 a.m. to 7:15 a.m. This shutdown will affect the stairwell lighting, exit lighting, fire alarm systems, phone systems and any other equipment on the emergency generator. This shutdown will not affect normal building power.
If you have any questions or concerns, please contact John Nurenberg, Skilled Trades Supervisor, at 432-0509, or Mike Ramirez, Planner/Inspector/Analyst, at 432-0540, Monday through Friday, 8:00 a.m. to 4:30 p.m.

POSITION ANNOUNCEMENTS

TARLETON STATE UNIVERSITY
Department of Animal Sciences and Wildlife Management

Equine Science Position

**Position:** Assistant Professor of Animal Sciences with a specialty in Equine Science

**Description:** Tenure-track, 9 month, undergraduate and graduate teaching position in the Department of Animal Sciences and Wildlife Management
**Essential Functions:** Teach graduate and undergraduate courses in equine and animal science including courses in, but not necessarily limited to, introductory equine science, equine training, equine evaluation, and advanced equine production and management courses. The applicant will be expected to develop specialty and graduate courses in their area of expertise. The successful applicant may be required to deliver courses at off campus sites and/or using alternative delivery methods. Develop, implement and review effective teaching/learning processes, incorporating appropriate methodology, technology and other tools; remain current in discipline and update course content when appropriate to reflect current levels of student knowledge in the discipline; develop a system for ongoing evaluation of both teaching and learning, including expectations of student competency and student learning outcomes; work in partnership with immediate supervisor through a formal system of evaluation of instruction to identify strengths and weaknesses and identify professional development activities to improve student learning.

Other duties include the revision of the Equine Curriculum to meet the current needs of the Equine Industry, recruitment of students, advising of undergraduate and graduate students, advise student organizations, development of internship programs, and placement of graduates. The successful candidate will be expected to participate in the management of the Equine Center and the conduct of equine events on campus and in the local community, including 4-H and FFA judging contests, seminars, horse shows, and competition events.

**Research, Scholarship and Creative Activity:** Demonstrate a record of ongoing research, scholarship or creative activity appropriate to the academic discipline.

**Service:** Maintain appropriate schedule of office hours for student access and inquiry; work in partnership with student success personnel on student advising and orientation. Participate in institutional service roles such as but not limited to, college committees, club sponsorship, advisory committees, student/faculty recruitment and mentoring of new and part-time faculty.

**Qualifications:** Ph.D. in Animal Sciences, or closely related discipline, with an emphasis in Equine Science is required. Evidence of actual or potential success in teaching, research, and service is required. Experience in training, show, breeding farm management, and/or competition in some aspect of the equine industry is preferred.

Review of applications will begin on March 15, 2013, and continue until the position is filled. Proposed employment date is September 1, 2013

Qualified applicants, reference Requisition # 0601252 and respond to:
