EVENTS

The Great Dairy Adventure

The Great Dairy Adventure is just around the corner! This consumer education event is held annually as part of the Michigan Dairy Expo. This year the Great Dairy Adventure will be held Wednesday, July 17 and we are looking for volunteers to assist us with this great family event! Activities include milk mustache photos, milking a cow, making cheese “bugs”, dairy nutrition education, calves to pet and even a robotic milking machine! We are looking for volunteers in two shifts 8:45 a.m. to 12:15 and 12:00 noon to 3:00 p.m. You don’t have to have any dairy background – we have lots of jobs and anyone with child “wrangling” skills is perfect! Drop Carla an email at mclachl2@msu.edu if you are available for a few hours to help!

UNDERGRADUATE STUDENTS

Animal Science Graduate Pursues Olympic Dream

Beth Rohl, a 2013 Animal Science graduate, was named co-winner of the George Alderton Female Athlete of the Year, capping off her stellar track and field career at Michigan State University. Rohl graduated as the school-record holder in the weight throw (22.31 meters), the hammer throw (62.87 meters) and the discus (59.78 meters). Rohl has qualified for every discus final in which she has competed at the NCAA Championships and leaves MSU as the most decorated Spartan thrower of all time with seven All-American honors. She will move to Oregon in August to begin training to qualify for the Olympics. To support Beth’s Olympic dream, please visit http://www.gofundme.com/3eu7do.

ANIMAL FUN FACTS
Friday Fun

*A unicorn, without a horn, is simply a magical horse.
* Unicorns are known to bite. Hard.
* Unicorns sparkle when they are poised to kill, don’t misread that.
* A castrated unicorn is known as a “eunuchorn”
