Position announcement:

The Department of Animal Science at Michigan State University is seeking candidates for a 9-month, tenure-track, 80% research, 15% teaching, 5% service position at the Assistant Professor level in reproductive biology of farm animals. The successful candidate will be expected to develop a vigorous extramurally funded basic research program and to contribute to the teaching mission in the discipline. The successful candidate will join the campus-wide program of excellence in Reproductive and Developmental Sciences (http://rdsp.canr.msu.edu/), a growing body of well-funded, highly interactive faculty. Candidates must possess a PhD in animal or dairy science, physiology, cell or molecular biology, genetics, biochemistry, or related area with significant expertise in reproductive biology of farm animals. Postdoctoral experience is preferred as is expertise in dairy cow reproduction. In addition, the ability to communicate application of research effectively to the livestock industry is required. Excellent facilities for molecular, cellular, genetic, and whole-animal research are available. Appropriate start-up funds will be provided and salary is negotiable. Interested applicants should submit to https://www.jobs.msu.edu/ a brief outline (2 pages max) of their research and teaching qualifications and research goals, curriculum vita, key reprints, and names and contact information for three references. For questions about the application process, please contact Angie Benny, 517-432-4585, will2073@anr.msu.edu. For questions about the position, please contact, Dr. James Ireland, 517-432-1384, ireland@msu.edu. All application materials must be received by November 1, 2015. Applications will be accepted until a suitable candidate is found.

Michigan State University is an affirmative-action, equal-opportunity employer. MSU is committed to achieving excellence through a diverse workforce and inclusive culture that encourages all people to reach their full potential. The University actively encourages applications and/or nominations of women, persons of color, veterans and persons with disabilities.
