HIRING

Do you have the drive to help us with critical issues facing the beef industry? Can you be a strong regional expert and develop focused, comprehensive learning programs on topics such as utilization of residues and alternative feeds for cow/calf production systems? University of Nebraska-Lincoln Extension is an organization that values individuals who excel, adapt easily, exhibit passion for helping others, and are excellent communicators. As a member of the UNL Extension team you will collaborate with research and extension faculty who are leaders in their field. You will work with high performing teams to create and deliver world class, innovative learning experiences that empower Nebraskans to improve their lives around critical issues.

We have an excellent opportunity for a full-time faculty position located in Furnas and Harlan counties with an office in Beaver City, Nebraska and serving the West Central Region of Nebraska. We want individuals who are self-directed and able to work in a flexible environment. The focus of this position will be Beef Systems with an emphasis on utilization of residues and alternative feeds for cow/calf production systems. This person will teach and coordinate Beef Systems programs regionally in: a) improved profitability and sustainability; b) animal care to improve health, wellbeing, and product quality; c) enhanced resiliency of beef businesses; and d) expanded consumer and youth awareness of livestock systems and animal products.

Required Qualifications:

- Master’s degree with one degree in animal science with beef emphasis or other closely related field required. Master’s degree must be completed by start date.
- Successful experience teaching in a formal or non-formal setting.
- Demonstrated ability to communicate (i.e. publications, web media, and public presentations).

Review of applications will begin on 03/26/2015. Position will remain open until a suitable candidate is found or search is closed. For a detailed job description, additional qualifications and how to apply, go to [http://employment.unl.edu](http://employment.unl.edu) and search for requisition F_150039.

Contact Rick Koelsch at 402-472-3935 or rkoelsch1@unl.edu with questions about this position.

The University of Nebraska has an active National Science Foundation ADVANCE gender equity program, and is committed to a pluralistic campus community through affirmative action, equal opportunity, work-life balance, and dual careers.
