Part-Time Position in Forest & Environmental Science
GS-4, Forestry Technician 0462

Santee Experimental Forest
USDA Forest Service, Southern Research Station, Cordesville, SC

The Center for Forested Watershed Research, Santee Experimental Forest anticipates hiring a part-time Forestry Technician position. The duty station will be located at the Santee Experimental Forest in Cordesville, SC. The Santee Experimental Forest has been in continuous operation since 1937 and the research program spans the continuum of basic to applied forest science. The Santee Experimental Forest works cooperatively with several universities, National Forests, and local, state, and other federal agencies.

The position will involve field and lab work on a wide variety of projects including, but not limited to: forest response to disturbances including prescribed fire, carbon cycling in managed and natural forests, nutrient, and water budgets and cycling. Position duties may include assisting with forest measurements, soil sampling, water sampling, sample preparation of soil and vegetation samples, data entry and literature reviews. The work will be conducted 2-3 three days per week; the rate of pay for the position is a GS-04 (approximately $14.73/hr).

We anticipate officially announcing the position in the near future, with an anticipated starting date of March 1 2016. If you are interested in this position, please send a letter of interest by November 20th to:

Ms. Juanita Lockwood
Santee Experimental Forest
USDA Forest Service
3734 Hwy 402
Cordesville, SC 29434
Email: jjlockwood@fs.fed.us

Those interested will be sent a copy of the announcement with duties, qualifications required, and application instructions. Positions are highly competitive. U.S. citizenship and a valid driver’s license with minimal moving violations are conditions for employment. The USDA Forest Service is an equal opportunity employer.

The Forest Service provides reasonable accommodations to applicants with disabilities. If you need a reasonable accommodation for any part of the application or outreach process, please notify Cheryl Jefferson at 828-259-0562.
