1805 S. Yankee Springs Rd**

- Scouting for turkeys & hunting locations

Friday, May 20 starting at 6pm to

Sunday, May 22 at noon

**DNR Barry State Game Field Office
1805 S. Yankee Springs Rd**

- Turkey biology and behavior
- Hunter ethics and responsibility
- Turkey butchering demo
- Up to 3 mentored turkey hunts!
- BRING your camping gear – we'll be camping out this session

Have you been curious about hunting, but didn't have anyone to show you how to do it? Would you like to connect with nature while learning a skill to acquire fresh and local meat that's totally free range? Are you interested in learning about conservation, turkey biology & management, scouting & calling, proper firearm handling and shot placement from an experienced mentor in a supportive environment?

If so, we invite you to participate in a mentored turkey hunting program which will provide you with the opportunity to learn in a hands-on, safe environment the skills necessary to hunt turkeys in Michigan. In addition to covering the fundamentals of turkey hunting, we will discuss how hunting impacts the ecology of game species, how hunting contributes to the economy, and how ethics and responsibility relate to hunting. During the Learn to Hunt program, you will have the opportunity to taste wild game meat, practice at the shooting range and participate in a mentored turkey hunt in southwest Michigan.

Registration \$25

Registration includes hunting equipment and class materials.
Turkey hunting license and base license sold separately during first session.
