

HOGS Meeting Minutes – July 24, 2007

Attendance: Wendy Klooster, Joseph Tychonievich, Kate Long, Matt Blanchard, Aaron Warsaw, Matt Ross, Roberto Lopez, Ajay Nair, Aaron Warsaw, Chad Herrmann, Linsey Newton

Graduate Student Summer Research Field Day

An informal opportunity for graduate students to share their research with each other is being planned for the morning of Friday, August 17. Anyone interested in sharing a quick synopsis of their research with fellow graduate students should let Matt Blanchard and Ajay Nair know if you have not already signed up. HOGS will provide lunch at the Hort Farm afterwards.

HOGS Tours

Since everyone seemed to enjoy the tour of the cyclotron last month, HOGS is considering additional tours. If you have any interesting ideas of places HOGS could visit, let Ajay know.

Camping Trip

The camping trip to Duncan Park in Cheboygan will be this weekend, July 27-29th. There is still room for more people, so please let Matt Ross, Aaron Warsaw, or Roberto Lopez know if you are interested. They are planning on leaving between 1 and 2 PM on Friday.

Trip to Planetarium

A visit to the planetarium is being planned for next week, probably either Thursday or Friday, but more details will be coming.

HOGS Election Process

Nominations for HOGS officer positions have been made and the list has been e-mailed to everyone. Any additional nominations or requests to remove your name from a position can be sent to Matt Blanchard. Elections will be held next month at the August meeting and the new officers will assume their positions in September.
