

MSU Extension

Raise Allocation Policy

Effective: FY11

Extension is committed to ensure full salary funding including annual raises are provided for recurring tenure stream Extension appointments. In addition, Extension provides \$10,000 recurring operating funds per Extension recurring FTE. Two exceptions to this, if a department receives GREEN operating funds for GREEN positions or if PERM funded operating.

Extension does not allocate raise funds for non-tenured faculty or staff positions unless approved by the appropriate Extension Institute Director, Associate Director, or Director.
