Job Overview

Summary

The National Institute of Food and Agriculture (NIFA) is the Federal component of a nationwide extramural research, educational, and outreach system which supports the global, science-based agricultural enterprise and accomplishes its missions in partnership with land-grant universities and other academic and scientific organizations. To learn more about NIFA, please visit <http://www.nifa.usda.gov>.

This position is being concurrently announced under Merit Promotion procedures on NIFA-M17N-0032. Disabled Veterans, candidates with 3 or more years of active duty military service, and candidates eligible for special hiring authorities can apply to the Merit Promotion announcement if they meet criteria for the above and include supporting documents.

Duties

As a National Program Leader, the incumbent is responsible for performing task in four broad areas which include the following:

Networking and collaborating with partners and stakeholders to identify mission relevant problems, opportunities and issues requiring Federal attention and support;

Conceiving formulating, and executing programs and activities in response to existing or emerging problems, opportunities, priorities and issues for development;

Developing and applying science based knowledge by working with university and other partners; and

Evaluating and assessing the quality, outcomes and impacts of the programs.
