Hiring

Do you have the drive to help us help the world by getting on-farm research and science into the hands of top crop producers and agribusiness? Can you be a strong regional leader and develop focused, comprehensive educational programs in Cropping Systems and Agricultural Technologies? University of Nebraska-Lincoln Extension is an organization that values individuals who excel, adapt easily, exhibit passion for helping others, and are excellent communicators. As a member of the UNL Extension team you will collaborate with research and extension faculty who are leaders in their field. You will work with high performing teams to create and deliver world class, innovative learning experiences that empower Nebraskans to improve their lives around critical issues.

We have an excellent opportunity for a full-time faculty position located in Phelps/Gosper Counties in Nebraska and serving West Central Nebraska. We want individuals who are self-directed and able to work in a flexible environment. The focus of this position will be Cropping Systems with an emphasis on Nutrient Management. This person will teach and coordinate Cropping Systems programs regionally in: a) improved profitability and sustainability; b) reducing environmental risk and encouraging resource stewardship; c) enhanced resiliency of cropping systems from climate variability; and d) expanded consumer and youth awareness of cropping systems and grain, fiber and oil products and by-products.

Required Qualifications:
- Master’s degree with one degree in Agronomy, Crop Science or other closely related field required. Master’s degree must be completed by start date.
- Successful experience teaching in a formal or non-formal setting.
- Demonstrated ability to communicate (i.e. publications, web media, and public presentations).
- Specific knowledge in nutrient management with knowledge in manure application in cropping systems.

Review of applications will begin on 03/21/2015. Position will remain open until a suitable candidate is found or search is closed. For a detailed job description, additional qualifications and how to apply, go to http://employment.unl.edu and search for requisition F_150046.

Contact Rick Koelsch at 402-472-3935 or rkoelsch1@unl.edu with questions about this position.

The University of Nebraska has an active National Science Foundation ADVANCE gender equity program, and is committed to a pluralistic campus community through affirmative action, equal opportunity, work-life balance, and dual careers.
