LEED Green Associate and LEED AP (Accredited Professional) are professional credentials administered by Green Building Certification Institute (GBCI) (http://www.gbci.org/main-nav/professional-credentials/credentials.aspx). The LEED Green Associate is a lower level of credential to distinguish those who have fundamental knowledge of green building and commitment to sustainable built environment. The LEED AP is a higher credential for those who have technical expertise and thorough knowledge of LEED green building rating system.

The following members passed the LEED Green Associate or LEED AP exam and achieved their LEED credentials. Congratulations!

LEED Green Associate:

- Juntae Jake Son
- Tiffany Pupa
- Jacob Hill
- Molly Black
- Lesley Wingard
