2016 Call for Proposals

October 7, 2015

Dear MSU Floriculture Researcher/Extension Specialist,

The Western Michigan Greenhouse Association would like you to consider submitting research or extension proposals on any issue relevant to the floriculture industry. Proposals can be on any aspect of production, pest management, marketing, economics, or related issues that will benefit greenhouse growers in Michigan.

MSU Researchers can submit a one to two page proposal and budget through the MSU e-transmittal system. A transmittal is required for each proposal. The deadline for submitting proposals is Friday, November 20, 2015 by 5:00 p.m.

All successful recipients are expected to give a brief project summary report at the December, 2016 Michigan Greenhouse Expo "MSU Research Update" in Grand Rapids.

We look forward to receiving proposals from as many of you as possible. Decisions on funding will be made by our board in mid-December 2015.

If you have specific questions, please feel free to contact me.

Sincerely,

Scott Stiles, President
Western Michigan Greenhouse Association
