## Spanish Dairy Phrases

Audiotape  
and CD

**MICHIGAN STATE**  
**UNIVERSITY**  
**EXTENSION**

The Spanish Dairy Phrases audiotape and CD are not intended to replace a commercially available language tape that would include topics like time, travel, numbers and basic grammar. It is intended as a conversation module to assist dairy farmers with terms commonly spoken on the dairy farm.

### Example phrases

Wash the cow's teats.  
*Lava las tetas de la vaca.*

Look for lame cows.  
*Busca vacas cojas.*

Close the gate.  
*Cierra la puerta.*

Carry the calf to the barn.  
*Lleva el becerro al establo.*

The CD contains the script file, an English/Spanish dairy milking glossary, Spanish at work — 500 useful words for Extension staff — and a Spanish PowerPoint presentation on milker training. Your browser software will open each file on the CD.

The audiotape includes common English and Spanish dairy-related phrases in a learning module and example conversations in a practice module.

Carry the audio cassette in your vehicle to practice proper inflection of many common Spanish words and phrases related to dairy farming.

The CD includes the same audio files and script plus additional Spanish language resources:

- Spanish milking glossary
- Milker training PowerPoint presentation
- Spanish at work — 500 useful words for Extension staff

Use these tools to improve your use of the Spanish language and communications with your Spanish-speaking employees.
