# GROWER TRAININGS VIA ZOOM

*Certificate of Course  
Completion from  
AFDO Included*

*Pre-Registration  
REQUIRED*

**Course Fee  
\$170**

The PSA Grower Training Course is one way to satisfy the Food Safety Modernization Act (FSMA) Produce Safety Rule requirement outlined in §112.22© that requires, ‘At least one supervisor or

responsible party from your farm must have successfully completed food safety training at least equivalent to that received under standardized curriculum recognized as adequate by the Food and Drug Administration.’

The course will provide a foundation of Good Agricultural Practices (GAPs) and FSMA Produce Safety Rule requirements, and details on how to develop a farm food safety plan. After attending the entire course, participants will be eligible to receive a certificate from the Association of Food and Drug Officials (AFDO) that verifies they have completed the training course. To receive an AFDO certificate, a participant must be present for the entire training and submit the appropriate paperwork to their trainer at the end of the course.

The views expressed in the program do not necessarily reflect the official policies of the Department of Health and Human Services; nor does any mention of trade names, commercial practices or organization imply endorsement by the United States Government.
