GROWER TRAINING

*FSMA Certification
Included*

FALL 2018

*Pre-Registration
REQUIRED*

The PSA Grower Training Course is one way to satisfy the Food Safety Modernization Act (FSMA) Produce Safety Rule requirement outlined in

§112.22(c) that requires, ‘At least one supervisor or responsible party for your farm must have successfully completed food safety training at least equivalent to that received under standardized curriculum recognized as adequate by the Food and Drug Administration.’

The course will provide a foundation of Good Agricultural Practices (GAPs) and FSMA Produce Safety Rule requirements, and details on how to develop a farm food safety plan. After attending the entire course, participants will be eligible to receive a certificate from the Association of Food and Drug Officials (AFDO) that verifies they have completed the training course. To receive an AFDO certificate, a participant must be present for the entire training and submit the appropriate paperwork to their trainer at the end of the course. Additional Grower Produce Safety Training sessions will be scheduled in the fall, as well as, in future years. Consult the MSU Extension website, www.msue.msu.edu, or subscribe to the MSU Extension Newsletter for event announcements.
