Approved 4-H Activities in 2021

MSU Extension and Michigan 4-H professionals are working diligently to chart a path toward resuming in-person programming when it is safe to do so during the current public health crisis. Though it is premature to cite a specific date, no one is more eager than our own staff to resume events, club meetings, competitions, and fairs. Using guidance from the Michigan Department of Health and Human Services and the university, as well as the most current science available, we will modify all MSU Extension programming to adhere to public health standards at the federal, state, and local levels.

MSU Extension professionals have been thoughtfully creating guidelines that allow Michigan 4-H volunteers and members to conduct limited business while protecting public health. This information helps create a path forward with the **eventual goal** of in-person programming. To help inform volunteers and 4-H families of the most current guidelines, Michigan 4-H launched the Approved 4-H Activities in 2021 webpage. This website will be updated every two weeks or as soon as new information becomes available.

It is imperative that volunteers and 4-H'ers alike adhere to the current guidelines so we can continue to focus on community standards for eventual in-person events and programs. To view the current listing of approved activities, visit extension.msu.edu/approved4Hactivities. If you have any questions, please contact your [local 4-H program coordinator](#).
