Introducing the Alpena County 4-H Tech Changemakers!

Is technology a friend or a foe? The National 4-H Council and Microsoft hope to make technology a friend to select communities across the nation, empowering youth to address community needs using technology-based projects and community events. The Alpena 4-H Tech Changemakers want to educate their community about the impact of microplastics on our Great Lakes. While encouraging residents to refuse single-use plastics through the development of a fun, multi-purpose website and associated smartphone app. The goal is to reduce the amount of marine debris that is produced from Alpena County. Concurrently, the Tech Changemakers hope to increase traffic to local businesses and promote sustainable Great Lakes tourism. Stay tuned for our team's exciting work! Find out what other 4-H Tech Changemakers are doing around the country at bit.ly/4HTechChangemakers. Interested high schoolers contact Hannah Hazewinkel at hazewin4@msu.edu
