When MSU sells yearlings, you can be assured they are high quality yearlings. Maddox is by National Champion jr Western and two time Reserve National Champion Reining horse PA Marco and out of the beautiful *Bremervale Andronicus daughter MSU Miss Moserati. This gelding can do it all! He could halter as a youngster and then be an amazing performance horse. His pedigree is full of National Champion performance horses!
This big bodied PA Marco son will be a western pleasure super star. This is a gelding worth buying young and then starting under saddle in a year. This is an investment gelding!
The MSU HTRC is extremely fortunate to have had the opportunity to stand Multiple National Champion Reining and Western Pleasure horse PA Marco, during the last few breeding seasons. As a result of owner Connie O’Brien’s generosity, we are thrilled offer two horses by this great stallion in this sale! We are retaining several more! Many of these foals will be available at sale time for you to visit. We think you’ll agree that this dynamic, beautiful stallion has a tremendous career ahead of him. Learn more about PA Marco at pamarcoarabian.com.

Multiple National Champion in reining and western pleasure PA MARCO holds the honor of being the first son of World and National Champion Stallion *MARWAN AL SHAQAB to be named a National Champion under saddle. He combines the beauty of *MARWAN with the proven athletic heritage of his predominantly Russian dam, whose dam line has produced performance champions for five generations. PA MARCO’s tail female traces back to the iconic Russian mare *PANAMA OF TERSK, dam of 3 National winners and 5 National winner producers including multiple National Champion Western Pleasure and National Champion sire ARIUS SS+.

It All Begins With a Good Foundation

**Breeding Program Foundation:** MSU has been breeding high quality Arabian Horses since the late 1930’s. Type, Talent and Trainability have been our guiding principles. Each “T” is very important in our foundation.

**Training Foundation:** We emphasize training the horse using proper learning theory. This begins with properly halter breaking foals, starting them under saddle, clipper introduction and trailer loading. A good foundation will last a lifetime for this horse.

**Student Foundation:** We also emphasize giving students the opportunity to breed and foal out mares, work with young horses, start them under saddle, and fit and condition them, providing the student with the solid foundation they will need to become an industry leader.
Dear MSU Horse Sale Guests,

This is our 27th annual horse sale. So many great students and horses that have gone through the program over the years. Students who are currently making their mark in the industry and horses that have been successful in a variety of disciplines and all levels of competition.

With the guidance of Paula Hitzler the students have done another fantastic job of training and preparing the horses this year. The two-year-olds in this sale provide the opportunity to purchase a good young horse that you can start under saddle and enjoy for years to come. We also have some mares and geldings that are well started will make excellent performance horses.

As in years past all horses are offered without reserve. They are honestly represented and if you have questions or concerns regarding the horses or the sale please feel free to contact either Paula or Karen. Most importantly enjoy your time at MSU and talk with the students and let them know what a nice job they have done with their projects.

All the Best,

Karen Waite, Faculty Coordinator
Paula Hitzler, Farm Manager

Endowment For The Preservation of The Arabian Horse at Michigan State University

The MSU Arabian Breeding Program is the third oldest continuous Arabian horse breeding program in the United States. It is housed at the MSU Horse Teaching and Research Center. Its mission is to educate the next generation of equine industry leaders and solve industry problems through applied scientific teaching and research.

The MSU Horse Teaching and Research Center is located on 100 acres which consists of a 25 stall show and training barn, a 22 stall research and foaling barn, reproduction facility and laboratory, and a 180’ X 80’ indoor arena with a classroom complex. In addition we have added a farrier shop with 6 forges, for our reestablished farrier school.

The Endowment will support the continuation of the Arabian Horse Breeding Program and its educational mission. If you would like to contribute to this Endowment, or become a member of Friends, please contact Paula Hitzler at (517) 355-7484 or e-mail phitzler@msu.edu
