4-H Horse Workouts, Helmets & Leased/Borrowed Horse Projects

4-H Horse Workouts -

The purpose of having workouts at the fairgrounds is;

- o For the 4-H leaders to provide 4-H members education in various riding disciplines and/or ground work.
- o To assist 4-H members preparing their horses for shows and fair.
- o For the 4-H member and their horse/pony to become familiar with the surroundings at the fairgrounds prior to the fair.
- If 4-H Leaders (defined as an adult volunteer who has completed the VSP process) who are experienced riders wish to bring in their horse and ride with their club members as a teaching aid they may do so.
- The safety of our youth is of utmost importance. In the event there is a safety issue during a workout, a *4-H leader, who is an experienced rider*, may get on the member's horse to assist in working out the problem.
- It is MSUE Barry County policy that workouts are not an open exercise time for anyone outside of 4-H members (currently enrolled in Barry County 4-H).
- MSUE Liability Insurance covers volunteers serving in a 4-H volunteer capacity at a 4-H sanctioned event..
- Toe Insurance purchased by the Horse Developmental is only in effect for the fun show and open shows..
- Be sure to follow all laws/rules and safety precautions when participating both youth and horses.
- If a 4-H member leases or borrows a horse for 4-H, the 4-H member participate in the club they are a member of with the leased or borrowed horse.

Helmets -

Rule #1 in the fair book safety rules states "SEI safety helmets must be worn by 4-H members, parents, leaders and all youth exhibitors while mounted at any 4-H event. Young Clovers must wear helmets at all times when handling a horse."

Barry County 4-H Leased/Borrowed Horses Projects

- Horses may be leased or borrowed for 4-H projects.
- Owner of the horse that is leased or borrowed may not stipulate the 4-H Club the member using the horse participates in. This choice is up to the family leasing or borrowing the horse.
- Parents & owners work out the agreement, 4-H is not involved.
 - o Things to think about include transportation, care, shows and practices.
 - o The leased or borrowed horses are expected to be at the club workouts/events. How they get there needs to be worked out as part of the agreement.
 - o 4-H members are expected to follow the rules of the 4-H Club they belong to.
- The expectation is that 4-H members participate in the club they are a member of with the leased or borrowed horse.

Sponsor Form

The form on the back of this page is for Clubs and individuals who are willing to ask for sponsorships from businesses, individuals, or organizations to help support the Horse Program.

A fund raiser form must first be on file before Sponsorships are sought out. The Horse Council applies for such funding for the fiscal year so you may have someone who wishes to sponsor our horse shows which is where most of our funding comes from. The shows are also used as an educational opportunity. We purchase not only the prizes for these shows, but for Fair which our members are not charged to show at. Costs involved in putting on a show include Judges, ribbons, trophies or prize, and supplies used to put on the shows. These costs go up each year. This year paper supplies almost doubled in price.

Thank you for your help in funding our projects thru the Horse Program.

Barry County 4-H Horse Clubs Sponsorship

The Barry County Horse Developmental Committee would like to thank you for your generous donation to support our 4-H youth Horse program. Proceeds from the horse shows goes towards fulfilling the objectives of the 4-H club or 4-H Horse Developmental Committee Sponsoring the horse show. | Draft Horse Pleasure Driving Criteria | Points |
|---------------------------------------|------------|
| Movement | 60 |
| The walk (10) | |
| The trot (30) | |
| Backing (20) | |
| Manners | 20 |
| Responsiveness | 20 |
| Total | 100 |

CRITERIA EXPLANATION

MOVEMENT (60 points)

The Walk (10 points)

True, brisk and relaxed.

The Trot (30 points)

True, square, and brisk, but under full control at all times. Extreme speed will be penalized. Natural action is desirable.

Backing (20 points)

A smooth, collected and straight back.

MANNERS (20 points)

The horse should be quiet on the bit, under control and work willingly on command without being sour.

RESPONSIVENESS (20 points)

The horse should perform all transitions smoothly and willingly. The horse should back showing submission to the driver and in a straight line.

DRAFT HORSE DRIVING REINSMANSHIP

This class emphasizes the driver's ability to control his or her animal on the rail and through obstacles and other tests of driving ability. The class should be first divided into junior and senior exhibitors and then by breeds if there are enough entries.

APPOINTMENTS OF ANIMAL AND DRIVER - Appointments of animal, driver and assistant driver or groom are the same as for draft horse pleasure driving.

| Draft Horse Pleasure Driving Criteria | Points |
|---|------------|
| Cleanliness & condition of horse, harness & vehicle | 25 |
| Rail work | 25 |
| Driving pattern | 50 |
| Total | 100 |

CRITERIA EXPLANATION

CLEANLINESS & CONDITION OF HORSE, HARNESS & VEHICLE (25 points)

Horse is properly fitted, groomed and conditioned with a clean, crisp appearance. Attention is paid to the cleanliness of harness

REINING DIVISION

“To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated completely.” (*2000 National Reining Horse Association Pattern Book*)

APPOINTMENTS OF HORSE AND RIDER – See the “Western Appointments” section of the Western Riding Division. Skid boots, splint boots and protective leg wraps are optional in reining classes.

The judge will indicate the length of the pattern with markers on the arena fence or wall. Markers within the area of the pattern may be used as a guide, but circles, figure eights and other movements do not have to be performed within the markers.

REINING PATTERN 1

See figure 18 for a diagram of reining pattern 1.

1. Run with speed to the far end of the arena past the end marker and do a left rollback – no hesitation.
2. Run to the opposite end of the arena past the end marker and do a right rollback – no hesitation.
3. Run past the center marker and do a sliding stop. Back up to the center of the arena or at least 10 feet (3 meters). Hesitate.
4. Complete one spin to the right. Hesitate.
5. Complete one and one-quarter spins to the left so that the horse is facing the left wall or fence.
6. Beginning on the left lead, complete two circles to the left, with the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.
7. Complete two circles to the right, with the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.
8. Begin a large, fast circle to the left but do not close this circle. Run straight up the right side of the arena past the center marker and do a sliding stop at least 20 feet (6 meters) from the wall or fence. Hesitate to demonstrate you have completed the pattern.
9. Dismount and drop the bridle to the designated judge.

Figure 18. Reining pattern 1

REINING PATTERN 2

Exhibitors may walk or trot their horses to the center of the arena. Horses must walk or stop before starting the pattern. Begin at the center of the arena facing the left wall or fence. (See fig. 19 for a diagram of reining pattern 2.)

1. Complete one spin to the right. Hesitate.
2. Complete one spin to the left. Hesitate.
3. Beginning on the left lead, complete two circles to the left, **with** the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.
4. Complete two circles to the right, with the first circle large and fast, and the second circle small and slow. Change leads at the center of the arena.

Figure 19. Reining pattern 2.

5. Begin a large fast circle to the left but do not close this circle. Run up the right side of the arena past the center marker and do a right rollback at least 20 feet (6 meters) from the wall or fence - no hesitation.
6. Continue back around the previous circle but do not close this circle. Run up the left side of the arena past the center marker and do a left rollback at least 20 feet (6 meters) from the wall or fence - no hesitation.
7. Continue back around previous circle but do not close this circle. Run up the right side of the arena past the center marker and do a sliding stop at least 20 feet (6 meters) from the wall or fence. Back up at least 10 feet (3 meters). Hesitate to demonstrate that you have completed the pattern.
8. Dismount and drop the bridle to the designated judge.

CRITERIA EXPLANATION

Judges are encouraged to score reining classes according to the NRHA scoring system, which states that all riders will enter the class with a score of 70, which represents an average run. (Scoresheets are available online at nrha.com/forms/judgesscorecard.pdf.) That score is added to or subtracted from as maneuvers are performed and penalties are added. Each maneuver should be scored according to the following scale:

-1½ = extremely poor

-1 = very poor

-½ = poor

0 = correct

+½ = good

+1 = very good

+1½ = excellent

Scoring will be on the basis of 60 to 80, with 70 representing an average performance.

The following will result in a disqualification from the class:

- Failure to complete the pattern as written.
- Equipment failure that delays completion of the pattern.
- Performing maneuvers other than in the specified order.
- Including maneuvers not specified, including but not limited to backing more than two strides (two strides meaning four steps with the front feet).
- A turn of more than 90 degrees where one is not specified.
- Running away or failure to guide where it becomes impossible to discern whether the entry is on pattern.
- Jogging in excess of one-half circle or one-half the arena while starting a circle, circling or exiting a rollback.
- Overspins of more than ¼-turn.
- Use of illegal equipment.
- Willful abuse of the horse.
- Using the reins or romal as a whip.
- Using more than one finger between reins.
- Changing hands on the reins.
- Using two hands on the reins (except with junior horses that are ridden two-handed, or that are shown in a bosal or snaffle bit).
- Fall to the ground by horse or rider.
- Balking or refusing a command.

The following will result in a 5-point reduction:

- Spurring in front of the cinch.
- Use of the free hand to instill fear.
- Holding the saddle or touching or petting the horse with the free hand.
- Blatant disobedience of the horse, including kicking, biting, bucking and rearing.

The following will result in a 2-point reduction:

- Failure to go beyond markers on stops or rollbacks when it is called for in the pattern.
- Break of gait.
- Freeze up in spin or rollbacks.
- On walk-in patterns, failure to stop or walk before executing a canter departure.
- On run-in patterns, failure to be in a canter before the first marker.
- Starting or performing circles out of lead will be judged as follows: Each time a horse is out of lead, a judge is required to deduct 1 point, which is cumulative. The judge will deduct 1 point for each quarter of the circumference of the circle or any part thereof that the horse is out of lead. The judge is required to deduct ½ point for a delayed change of lead by one stride.

Other faults and their penalties include:

- Starting a circle at a jog or exiting rollbacks at a jog up to two strides (½ point).
- Over- or under-spinning up to one-eighth of a turn (½ point).
- Failure to remain a minimum of 20 feet from the wall or fence when approaching a stop or rollback (½ point).
- Over- or under-spinning from one-eighth to one-quarter turn (1 point).
- Jogging beyond two strides, but less than one-half circle or one-half the length of the arena (2 points).
- When a change of lead is specified immediately before a run at the end of the arena, failure to change leads will be penalized as follows:
 - Failure to change leads by one stride (½ point).
 - Failure to change leads beyond one stride but completed before the next maneuver (1 point).

Lead Penalties*

- Each time a horse is out of lead, the judge is required to penalize it by 1 point. The penalty for being out of a lead is cumulative, and the judge will add 1 penalty point for each one-quarter circumference of a circle or any part thereof that a horse is out of lead. The judge is further required to penalize a horse ½ point for a lead change delayed by one stride where a change of lead is required by the pattern. **Note:** A gait is specified, but no lead is specified in the instance of run-downs either on the side of the arena or through the middle of the arena, and no penalty is incurred for a horse changing leads in these areas.
- In patterns where a horse is required to run around the end of arena, the horse must be on the correct lead while rounding the end of the arena. The horse is required to be on the specified lead as soon as it completes the first straight portion of the run-around and begins to turn the corner of the arena. Failure to be in the correct lead beyond this point will result in the following penalties:
 - From the turn to the halfway position at the end wall (-1 point).
 - Beyond the halfway point up to the beginning of the run-down (-2 points).
 - It should be noted NRHA has determined there to be no correct lead on a straight line. Therefore, changing leads in a straight line is not to be penalized, though it may or may not demonstrate resistance to being dictated to completely, which must be dealt with in maneuver evaluation.
- Where a pattern requires a half circle before beginning a run-down to the other end of the arena, a failure to be on a specified lead should be penalized as follows:
 - Beyond one stride up to one-quarter circumference of circle (1 point).
 - Beyond one-quarter circumference of circle up to the entire half circle (2 points).

*Lead Penalties adapted with permission from the 2014 *National Reining Horse Association Pattern Book*.

- Lead is not changed before next maneuver (2 points)

Faults against the horse to be scored at the judge's discretion, but not to cause disqualification:

- Opening mouth excessively (when the horse is shown in a bit).

- Excessive jawing, opening mouth or head raising on stop.
- Lack of smooth, straight stop on haunches, bouncing or sideways stop.
- Refusing to change leads.
- Anticipating signals.
- Stumbling.
- Backing sideways.
- Knocking over markers.

Faults against the rider to be scored accordingly, but not to cause disqualification:

- Losing a stirrup.
- Any unnecessary aid given by the rider (such as talking, spurring, quirting or jerking of reins). **Note:** If this is deemed excessive by the judge, it may fall under “willful abuse of the horse” and result in disqualification.
- Failure to go beyond markers on rollbacks and stops is considered a fault. Failure to run circles or figures eights within the markers is not considered a fault, depending on arena conditions and size.

 ENGLISH/WESTERN RIDING CLASS

[English/western] riding is an event where the horse is judged on quality of gaits, lead changes at the lope or canter, response to the rider, manners and disposition. The horse should perform with reasonable speed, and be sensible, well-mannered, free and easy moving. (*AQHA Handbook of Rules and Regulations*)

HORSE'S PERFORMANCE AND MANNERS – Horses will be judged on the riding quality of gaits, changes of leads, response to the rider, manners and disposition. Preference will be given to complete flying changes of leads midway between the markers throughout the entire class. This indicates the control of a rider over his or her mount and encourages youth to train for the event.

A rider will be penalized for losing a stirrup, using two hands on the reins (except where two hands are permitted), changing hands on the reins (except when negotiating the gate) or touching any part of the saddle with the free hand. While the horse is in motion, the rider's hands should be clear of the horse and saddle.

APPOINTMENTS OF HORSE – Appointments of horse and rider should be consistent with the seat chosen, as described elsewhere in this book. Skid boots, splint boots and protective leg wraps are optional in English/western riding classes.

APPOINTMENTS OF RIDER – Appointments of horse and rider should be consistent with the seat chosen, as described in this book.

COURSE DESCRIPTION

Figure 20 illustrates the English/western riding course. The American Quarter Horse Association (AQHA) western riding pattern 2 is also acceptable; however, if it is to be used, copies of the pattern should be provided to judges and exhibitors well in advance of the class.

The eight small dots represent markers (cones or pylons are recommended). These should be separated by a uniform

distance of not less than 30 feet and no more than 50 feet. The distances may be altered if the local arena is too small.

1. The horse will be judged on quality of gaits, changes of lead, response to the rider, manners, disposition and intelligence.
2. The horse should maintain an even cadence and change leads precisely and easily, front and rear, at the center point between markers as indicated by the shaded areas on the pattern. The horse should have a relaxed head carriage showing its response to the rider's hands, with moderate flexion at the poll. The tail should remain quiet throughout the pattern. The horse should cross the log at the jog or pleasure gait and lope without breaking gait or radically changing stride.
3. Additional information about the pattern follows.
 - The arrows on the lines indicate the direction of travel and the type of line indicates the gait.
 - The log should be at least 8 feet long and laid on the ground.

Figure 20. English/western riding pattern.

- **The markers should be cones or pylons.** In the row of five markers, the markers are separated by equal distances of 30 to 50 feet. The markers in the row of three are aligned with the first, third and fifth markers in the row of five.
 - After stopping and backing at least 10 feet at the end of the pattern, the rider will report to the judge to be excused.
4. A horse going off pattern is disqualified. Off pattern is any of the following: an incomplete pattern, incorrect order of maneuvers, knocking over markers, passing on the wrong side of markers, making extra loops in the pattern, missing the log, five or more simple lead changes, and failure to change leads.
 5. The judge may require an exhibitor to repeat or reverse any part of the routine.
 6. Only one hand is allowed on the reins and only the index finger is allowed between the reins. Except when negotiating the gate, the hand on the rein cannot be changed. When romal reins are used they will be carried as described under "Stock Seat Equitation" in the Western Division.
 7. The running walk or other pleasure gait is acceptable for any horses that do not jog.
 8. Each rider will enter the ring with a score of 70, which represents an average performance. Final scores will generally fall in a range from 40 to 80 points.
 - **Scoring guidelines:** Points will be added or subtracted from the eight maneuvers on the following basis.
 - 1 = very poor
 - ½ = poor
 - 0 = correct

Disqualifications – Failure to perform at least four flying lead changes will result in disqualification.

- The following are considered faults and should be penalized at the judge's discretion:

- Opening mouth excessively or throwing head on maneuvers.
- Anticipating signals or early lead changes.
- Stumbling.
- Losing a stirrup or holding on.
- Any unnecessary aid given by the rider, such as talking, petting, spurring, quirting or jerking the reins.

GREEN ENGLISH/WESTERN RIDING

This class will use the same rules, scorecard, scoring system, and evaluation criteria as English/western riding. Horses may perform simple lead changes without disqualification but will receive a 3-point penalty for each simple change performed. Riders are encouraged to advance their skill in 4-H, hence those horses who perform flying lead changes in the class will earn credit over those who perform only simple changes.

AQHA green western riding patterns 1, 2 or 4 should be used.

If a show offers English western riding and allows simple lead changes, the class should be listed on the show bill as green English/western riding. Only standard English/western riding (in which four or more simple lead changes results in disqualification) will be offered at the Michigan State 4-H Horse Show.
