

COVID-19 Hazard Assessment and Mitigation Program (CHAMP)

Assisting the agriculture industry with pandemic preparedness & workplace safety

All trainings and educational opportunities are virtual and held using Zoom technology. Interested participants can connect using a computer (preferred) or mobile device.

CHAMP Tool Trainings

July 2nd, 2020

10:00 am—12:00 pm

or

July 9th, 2020

10:00 am—12:00 pm

Please note trainings are not expected to last the full 2 hours.

Question and Answer Sessions

July 14th, 2020

1:00 pm—2:00 pm

or

July 16th, 2020

10:00 am—11:00 am

WHO SHOULD ATTEND:

Anyone involved in the agriculture industry who is interested-in or responsible-for identifying operational risks for transmission of COVID-19 amongst their workforce, and between the public and their workforce (and vice versa) for public facing operations.

DESCRIPTION:

MSUE CHAMP was developed as a flexible, easy to use e-tool to assist the Michigan agriculture community in assessing risk for spread of COVID-19 in their operations. This tool will help identify, develop and implement appropriate and meaningful exposure control strategies tailored to protect workers and the public (customers) consistent with business operations. It also will assist agriculture operations with complying with State of Michigan requirements for essential and open businesses under the current Executive Orders.

CONTACT:

Melissa Millerick-May—Farm Safety, Hazard Assessment and Control, MSU Extension; milleric@msu.edu

Beth Ferry; MSU Extension Educator; franzeli@msu.edu

MSU is an affirmative-action, equal-opportunity employer, committed to achieving excellence through a diverse workforce and inclusive culture that encourages all people to reach their full potential. Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status. Persons with disabilities have the right to request and receive reasonable accommodations.

COVID-19 Hazard Assessment and Mitigation Program

Registration is required for all zoom webinars, please use the information below to complete the registration process:

CHAMP Tool Trainings

Participants can choose to join either of these virtual sessions with Melissa Millerick-May, whose expertise is in farm safety along with hazard assessment and control. These sessions will include an explanation of the tool, requirements for essential businesses per Executive Orders and will help the user familiarize themselves with the capabilities of the tool.

July 2nd, 2020 from 10:00 am—12:00 pm

Registration link: https://msu.zoom.us/webinar/register/WN_Oww_iy38QnOk_t5oJDo5Bg

July 9th, 2020 from 10:00 am—12:00 pm

Registration link: https://msu.zoom.us/webinar/register/WN_QaEMJ5D-TDGllcpR3C_Gvw

CHAMP Tool Q&A Sessions

A recorded webinar will also be available for participants to view if they are not able to attend the live sessions. In conjunction with the recorded webinar two question and answer sessions will be held so that interested users can receive instructions or clarification. These sessions will also allow for questions specific to operations to be answered. Registration is required for the Q&A sessions.

July 14th, 2020 from 1:00 pm—2:00 pm
