Annual Volunteer National Background Check

Beginning September 1, 2019, MSU Extension is now requiring all of its volunteers to complete background checks annually. A national background check, performed by backgroundcheck.com will help streamline this process for MSU Extension. Please complete your national background check by visiting : <https://business2.backgroundchecks.com/invitation/welcome/vDVW>. This secure link will allow you to complete the process.

A few important notes:

- ◆ This link is unique to Berrien County; if you are a volunteer in more than one county, please complete the check using the link from your primary county.
- ◆ There is no charge to you as a volunteer for these background checks.
- ◆ You will be asked to complete this simple process every year as long as you remain a volunteer.
- ◆ You can only use one unique email address per check (so a family sharing an email for 4-H Online would need to use separate emails for each volunteer completing this check).
- ◆ If you have previously completed your background check at this site and have forgotten your password please use the forgot password feature to have it reset. MSU Extension staff can not reset your password for this site.

If you need any assistance with the background check or would like to request a paper form, please contact the Berrien County MSU Extension Office at 269-927-5674. Please complete the background check by November 30, 2019 along with your 4-H Online re-enrollment.

STATEWIDE NEWS AREA

Apply now for the Michigan 4-H State Youth Leadership Council

Providing opportunities for youth to share their voice through youth-adult partnerships is a key focus of [Michigan 4-H Youth Development](#). In 2015, the [Michigan 4-H State Youth Leadership Council](#) was created to do just that in a statewide setting.

The Michigan 4-H State Youth Leadership Council brings teen leaders from across Michigan together to provide authentic youth voice in Michigan 4-H youth programs and to assist with promoting 4-H programs on a statewide level. The Michigan 4-H State Youth Leadership Council provides a high-level leadership opportunity for older youth to learn about 4-H beyond their own experiences by talking with and learning from 4-H members across the state.

Michigan 4-H State Youth Leadership Council member Addy Battel reflects on her experience, saying, "State Youth Leadership Council has given me an opportunity to further hone my leadership skills in ways that are only possible when surrounded by peers with similar passions."

Michigan 4-H State Youth Leadership Council members meet in person 2-3 times per year during statewide 4-H events like 4-H Exploration Days. Additionally, Michigan 4-H State Youth Leadership Council members meet once per month by calling in or logging into an online telecommunication platform.

Michigan 4-H State Youth Leadership Council member Torey Fischer adds, "State Youth Leadership Council has been such a great experience that has not only allowed me to build my leadership, teamwork and communication skills, but has also opened doors and provided opportunities for my future that I am still discovering even as my 4-H career is coming to a close."

[Applications](#) are now available for the [2020 Michigan 4-H State Youth Leadership Council](#). 4-H members aged 15-19 as of Jan. 1, 2020, are encouraged to apply for a two-year seat on the council by applying online at <https://bit.ly/2kVfHwO>. Two recommendations are also required for each applicant, one being from the local 4-H program coordinator. The deadline to apply is Oct. 28.

New Teaching Science When You Don't Know Diddly Squat Resources

The "[Teaching science when you don't know diddly squat series](#)" aids youth in learning the process of science; asking questions and discovering answers.

Through the various activities, young people try to figure things out for themselves, rather than just read an answer on the internet or in a book.

In this latest activity in the series, "Why do animal poops look different?", youth experiment with why manure looks different for each animal.

To find this activity and others in the series, visit https://www.canr.msu.edu/resources/teaching_science_when_you_dont_know_diddly_squat_series.
