February 11– Let's Get Egg-cited about Embryology! (FREE)

Put on your lab coat and study the miracle of life using the scientific method with this fun, hands-on program! This five week program will allow youth to design an experiment, collect, data, and report their finding in the form of a scientific poster! This program will show youth the embryonic development of the chicken, the hatching process, and the importance of each phase all in just 1.5 hours a week! The main goal is to allow youth to ask questions, investigate using the scientific method, and, of course, these finding are unknown unless they are communicated! Let's get egg-cited about embryology and see some chicks hatch! Please join us for this great educational hands-on experience! For more information and registration visit: www.events.anr.msu.edu/CCEmbryology19 or email Hailey Harman at harmanha@msu.edu.

Cass County 4-H Leaders' Association Scholarship

The Cass County 4-H Leaders' Association will award college scholarships to two outstanding 4-H seniors from Cass County. **Application deadline is 5:00 p.m. on January 31, 2019. Must be postmarked by January 25, 2019.**

If you are interested in applying for this award, please stop in the MSU Extension office to pick up an application, or you may call the office to request the application be sent or emailed to you.

Interviews will be scheduled with selected individuals after the deadline. Remember to dress in 'business/interview' type apparel for your interview.

2018-2019 Enrollment Fees/4-H Online

Our new 4-H year began on September 1, 2018. All 4-H members and leaders are strongly encouraged to enroll online. If you have forgotten your 4-H online login information, please do not make a new profile. Instead, please contact our office and we can reset your password for you. To register for 2018-2019 go to www.mi.4honline.com

The deadline to enroll in 4-H Online and to **pay your enrollment fee** of \$20 per member (\$60 family, 4 + children) will be March 29, 2019 by 5:00 p.m. There will be no exceptions to this deadline. If your child is not registered and paid for by the deadline, they will not be eligible to participate in 4-H for the current year (including fair, as a 4-H member). Please keep in mind that this deadline does not override your club's deadline. Example: your key leader requires you to pay your enrollment fee and register online by January 1, 2019. You would follow that deadline. We encourage all payments be made with your key leader but you may make a payment in the MSU Extension office. For your convenience, we now can take credit/debit cards or you can mail your payment in.

Bylaws Workshop

Does your club have bylaws? When was the last time they were reviewed? Clubs with or without bylaws would benefit from this workshop being held on January 29th at 6:00 p.m. in the MSU Extension conference room. This workshop will allow you to ask questions and get insightful information on what exactly should be in your bylaws. We encourage **all** clubs to have a representative at this workshop to report back to the club. If you have bylaws, bring a copy with you! Please R.S.V.P. by phone or email to let us know if your club will be represented. **The deadline is January 24, 2019.**

Clubs 101: Leader Training

New clubs and existing clubs should join in on this fun, informational session before the Leaders' Association meeting on January 24th at 5:30 p.m. We will be covering the fundamentals of a club and a few financial policies. This is to get new clubs started out on the right foot but also allow existing clubs to grow and allow youth to flourish in the clubs. We encourage every club to have a representative at this training, especially since there is a Leaders' Association meeting after! Please **R.S.V.P. by January 21st** by phone or email to let us know if your club will be represented!

Michigan 4-H Robotics Leaders Workshop!

Enhance your engineering skills at the hands-on, 4-H Robotics Leaders Workshop, March 16-17, at the Kettunen Center in Tustin! The workshop is open to adult and teen volunteer leaders ages 13 and up. Learn more at http://msue.anr.msu.edu/events/michigan_4_h_robotics_leaders_workshop_2019.

Exploration Days 2019

Exploration Days will take place June 19-21, 2019. This fun MSU pre-college program could be the highlight of your summer-it could even change your life! About 2,500 youth (ages 11-19) and chaperones from across Michigan attend annually. The 2019 registration book and forms will be available mid to late February 2019 in the MSU Extension office. Session assignments are made on a first come, first serve basis. More information to follow.

Volunteers

It has been brought to our attention that there were many errors with the number of years served at our last Senior/Leader Banquet. We need your help to capture the correct information. When you are enrolling on 4-H online it is very important that you check your years of service every year. When we run our reports, the information is coming from 4-H online. Please check this information and contact us as soon as possible so we can correct, if needed. This information is very important to us when it comes time for the Senior Leader awards banquet in the fall. Thank you for your help and thank you for all you do!

If you became a volunteer after 1995, only your adult years of service are to be counted as active years, not youth years.

Statewide News

2019 State Award Applications now available

Michigan 4-H members ages 11 and older have an opportunity to be recognized for the great work they do in 4-H by completing a state award application. A Michigan 4-H State Award is the highest honor bestowed on a Michigan 4-H member and provides an opportunity to receive recognition for their engagement in rich learning experiences that result in outstanding knowledge and life-skill development.

State award applications are divided into four categories: Mark of Excellence essay contest (11-12 years old), junior state award (13-15 years old), senior state award (16-19 years old) and group awards (13-19 years old). The application process and selection is determined by the age of the 4-H member. Final candidates for the junior, senior and group level awards in each project area will be selected to participate in the State Awards program during 4-H Exploration Days in June, where final selection and announcement of winners will take place.

The application can be found at <http://bit.ly/2xWk3VO> and is due Feb. 1, 2019. For more information, contact Hailey Harman in the MSU Extension Office.

2019 4-H Beekeeping Essay Contest for Michigan 4-H Members

Michigan 4-H youth can improve their science, knowledge, writing and research skills and win a cash prize by entering the 2019 4-H Beekeeping Essay Competition. This year's essay topic is *Honey Varietals, State to State*. Each jar of honey reflects an unrepeatable combination of climate, soil, weather and flowers. Each state has unique honey varietals that beekeepers can market to their customers. Contestants should identify one unique varietal to their state and discuss the flower's uniqueness and how beekeepers can effectively market that varietal. Please include a photo of the varietal's flower, an interview with a local beekeeper who collects this varietal, and a recipe that highlights the varietal.

The top three winners nationally will receive cash prizes of \$750, \$500 and \$250, and winning essays will be published in *ABF Quarterly*, the magazine of the American Beekeeping Federation.

Essay length should be 750 to 1000 words and will be judged on the scope of research, accuracy, creativity, conciseness and logic development of the topic. Download the complete rules at <https://bit.ly/2PuegUu> before beginning the contest. This contest is sponsored by the Foundation for the Preservation of Honey Bees, Inc., a non-profit corporation, to preserve the practice and the profession of beekeeping through education and research, established by the American Beekeeping Federation. Applications due March 1, 2019.
