Meeting began at 11AM

Action	Agenda Item
Approved	2. Approval of agenda for 3 December 2020
Approved	3. Approval of minutes from 12 Nov 2020 * Moved SAFS items up in the agenda
none	4. Old Business
	5. New Business
Approved	**5a. Ag, Food and Natural Resources Education Teaching minor – moratorium** ** only one student currently in this minor ** Correct typos under "students who will be affected"
Approved	**5b. CSS 420 – new course** #30 give %s only (in case the point totals change with time) Comment on syllabus • Grading: replace letter grades w/ MSU numbered grading system • Is there is a different scale for grad students? •
Approved	**5c. CSS 824 – new course** #5 cut off beginning of description "Inter. disciplinary learning of..." #10 flesh out objectives from syllabus? #13 Note that the Selective audience says all CANR grad students but further down in #23 there is a restriction #23 restricted to EFFS students, but that is the old name. Also, add "Or dept approval" Comments on syllabus * Part 2 has objectives that could be pasted into #10 * grading, replace letter grades w/ MSU numbered grading system

Approved	**5d. CSS 826 – new course** #10 again, could flesh out with more objectives from the syllabus #23 restricted to EFFS students, but EFFS is the old name #24 add "Or Approval of the dept" (So Coordinator can be sure students have enough research completed to take the course) Comments on syllabus * Note in the Syllabus there is a statement that the course is open to all grad students. Yet here is a restriction listed in #23 * grading, replace letter grades w/ MSU numbered grading system
Approved	**5e. CSS 829 – new course** #10 Objectives are a bit sparse. Syllabus has a list that could be pasted here. #15 Note about supercomputer access, should include this on the syllabus if students have to get special software or license Comments on syllabus **Correct the grading scale
Approved	**5f. CSS 892b – delete** * no longer needed in change from EFFS to SAFS program
Approved	**5g. Ecological Food and Farming Systems (EFFS) – program change** #10 update faculty list (replace w/ new verbiage) #15c - rationale for the program in the primary unit, there is a statement that refers to 'both departments'. #15e - cross out old info and replace with new folks? The course list #15g The program that is posted online has nice headers for the course lists: "one ag science course (3 credits)" and "one social science course (3 credits)". Might be better than what's in the program change. * is an 'international course" still valid in place of course credits? * It would be cleaner if all the courses listed as electives are 3 credits, since they have to take 3 credits. Otherwise, if a student takes the 2 credit course, they have to take another 3 credit course. #17 Also, updating course codes throughout
Approved	**5h. CSS 840 – delete course** * replaced by CSS 845 below
Approved	**5i. CSS 845 – new course** #13 Change BAE to BE #20 any relationship to courses in GEO or ENG?

Approved	**5j. CMP 210 – change course**
	#23 "Open to Freshman, sophomores, and juniors in the CM Major or approval of the dept.
	#30 add %s (like in the previous version)
Approved	**5k. CMP 222 – change course**
	#13 Keep "CMP majors" and remove the new statement
	#30 add %s
Approved	**5L. CMP 230 – change course**
	#30 add %s
Approved	**5m. CMP 245 – change course**
	#30 add back the %s
Approved	**5n. CMP 305 – change course**
	#22 add a prerequisite (the last course in the stream)
	#30 add %s
Approved	**5o. Construction Management BS – program change**
	Note: Please <u>UNDERLINE</u> new text (vs *italics*)
	#13 add "NO"
	#15, detailed program description. Under admission as a junior, A MINIMUM GPA of 3.0 in the CMP courses is needed
	#15 Just under "Requirements for the BS Degree 1.", the writing courses CMP 435 and 436 are crossed out. The committee suggested keeping them as options. If so, remove the cross-out. OR, if the cross out remains, then correct this statement in item 1.: "The University's Tier II writing requirement for the Construction Management major is met by completing Construction Management 385. THIS COURSE IS referenced in item 3. Below"
	#15 Under "Requirements for the BS Degree 2.", the math requirement, there seems to be an extra sentence that should be struck out.
	15 Under "Requirements for the BS Degree 3. " (the course lists) Why is letter J, MGT 325, separated out. Why not include that course in letter A, list of classes which must be completed for a new total of 64?.
	#18 if all students will be affected, what is the impact in #19?
Information	6. UCC Update * no update
Information	7. Associate Dean's Comments * The End (of the semester) is Near

Meeting adjourned at 12:45 pm   Minutes submitted by C.D. DiFonzo, 3 Dec 2020
