# Opening Remarks 2023 Dirt to Glass™ Conference

### Paolo Sabbatini

Department of Horticulture, Michigan State University

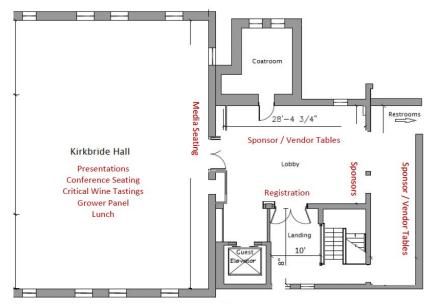

### Welcome

- 2021 <u>initial brainstorming</u> meetings between industry and MSU for a new annual conference.
- 2022 opening DTG conference.
- Collaborative effort involving Michigan State
  University, Michigan State University Extension,
  Intentional Agriculture, and industry innovators
  and educators.
- Annual programs designed to cover pivotal stages in the life of wine, starting from the initial vineyard planning all the way to the moment a bottle is uncorked.
- Thank you to sponsors, organizers, speakers and participants for making the event possible.

#### Conference Day 1, Aug 24, 2023

Kirkbride Hall, 700 Cottageview Drive, Traverse City, MI 49684

#### Conference Day 2, Aug 25, 2023

Field Site Visits (4 total) Leelanau and Old Mission Peninsula via Shuttles only

Board shuttles at the conference parking lot at 8:30 am on Day 2. Site visits are in vineyards, not tasting rooms. Please dress accordingly. Lunch is provided and will be at the Cherry Bend Community Park. We hope you are able to stay after the conference to enjoy the many wineries in our area!

#### Dirt to Glass™: 2023 Elevating Michigan Wine from the Ground Up

August 24-25, 2023

The Village at Grand Traverse Commons 1200 W Eleventh Street, Traverse City, MI 49684

## About the Conference

- **Day 1: Academic and Industry Presentations**
- Keynote addresses from prominent industry leaders and researchers
  - Insights into latest research findings, innovations, and trends in viticulture.
- Wine Critical Testing
  - Blind tasting and evaluation of various wines by expert panels.
  - In-depth discussions on flavor profiles, quality assessment, and regional identity.
- Meet and Listen with CANR Leadership
  - Open forum for attendees to engage with College of Agriculture and Natural Resources (CANR) leadership.
  - Dialogues on industry challenges, opportunities, and collaboration possibilities.
- Walk-Around Wine Testing with MSU Alumni
  - Informal wine tasting sessions focused on budding Michigan wine categories.
  - Networking and mingling opportunities among attendees and industry representatives.
- Day 2: Vineyard Showcase of Industry Innovators
- Guided tour of vineyards managed under the Dirt to Glass cycle approach.
  - Insights into innovative vineyard management practices, sustainability efforts, and technology integration.
  - Exploration of additional vineyards highlighting diverse management approaches.
