

# Marketing Margins and Marketing Costs

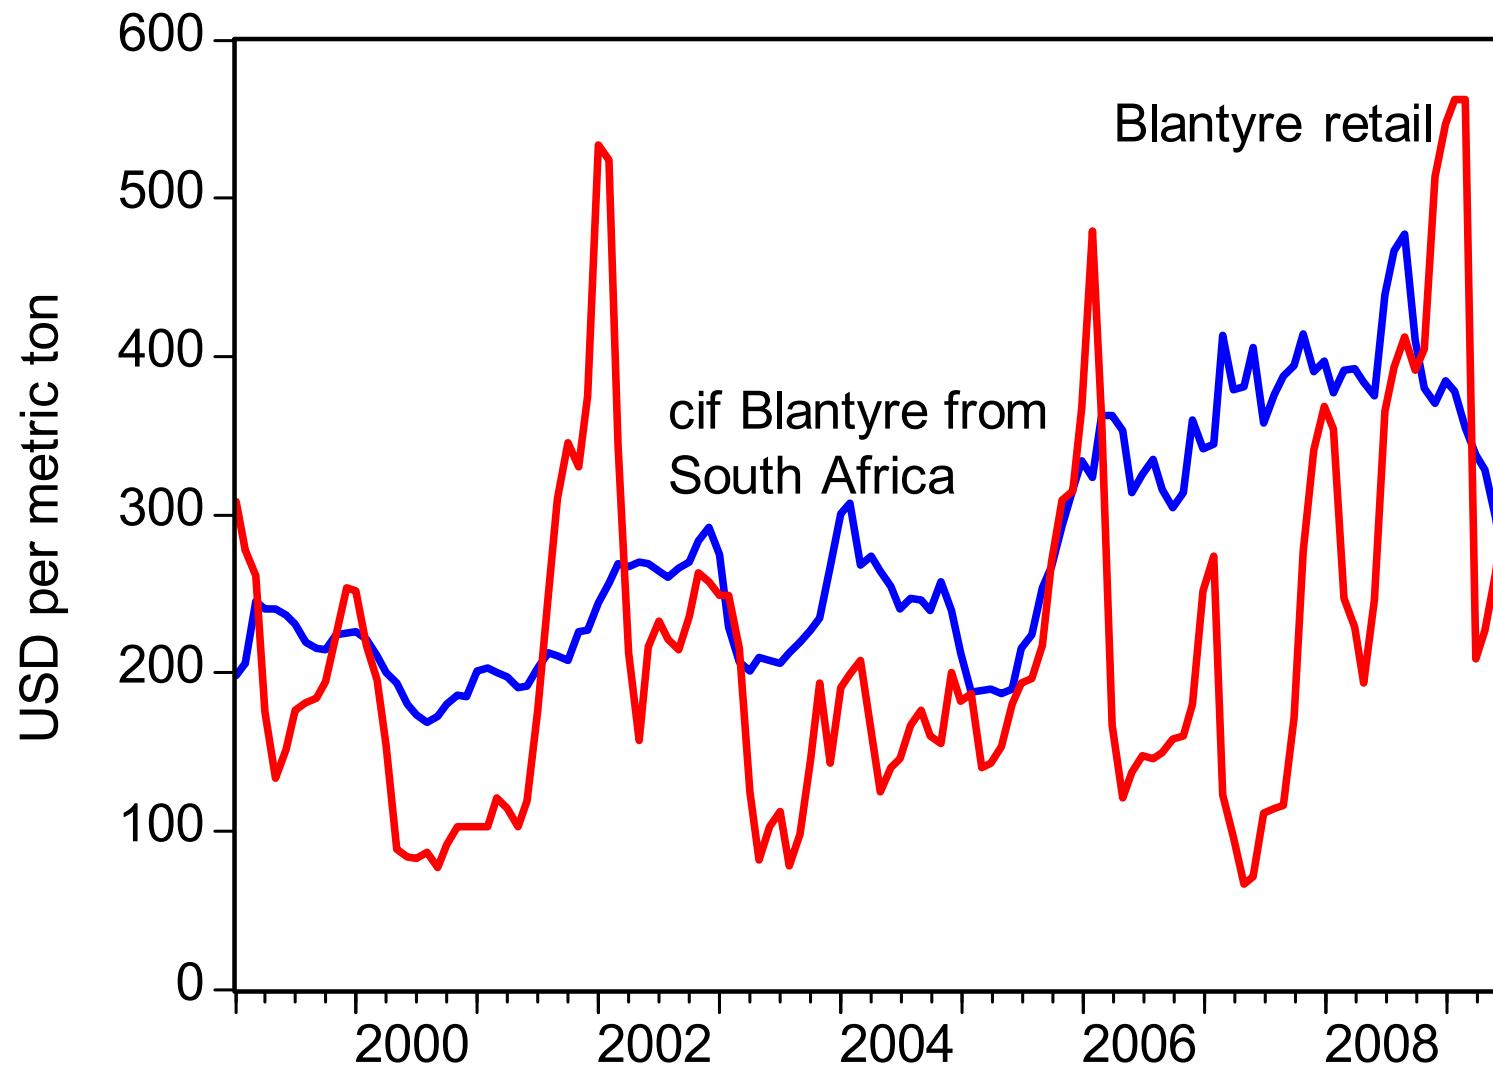

T.S. Jayne  
African Agricultural Markets Programme Training Seminar  
sponsored by COMESA  
Maputo, Mozambique, January 28, 2010

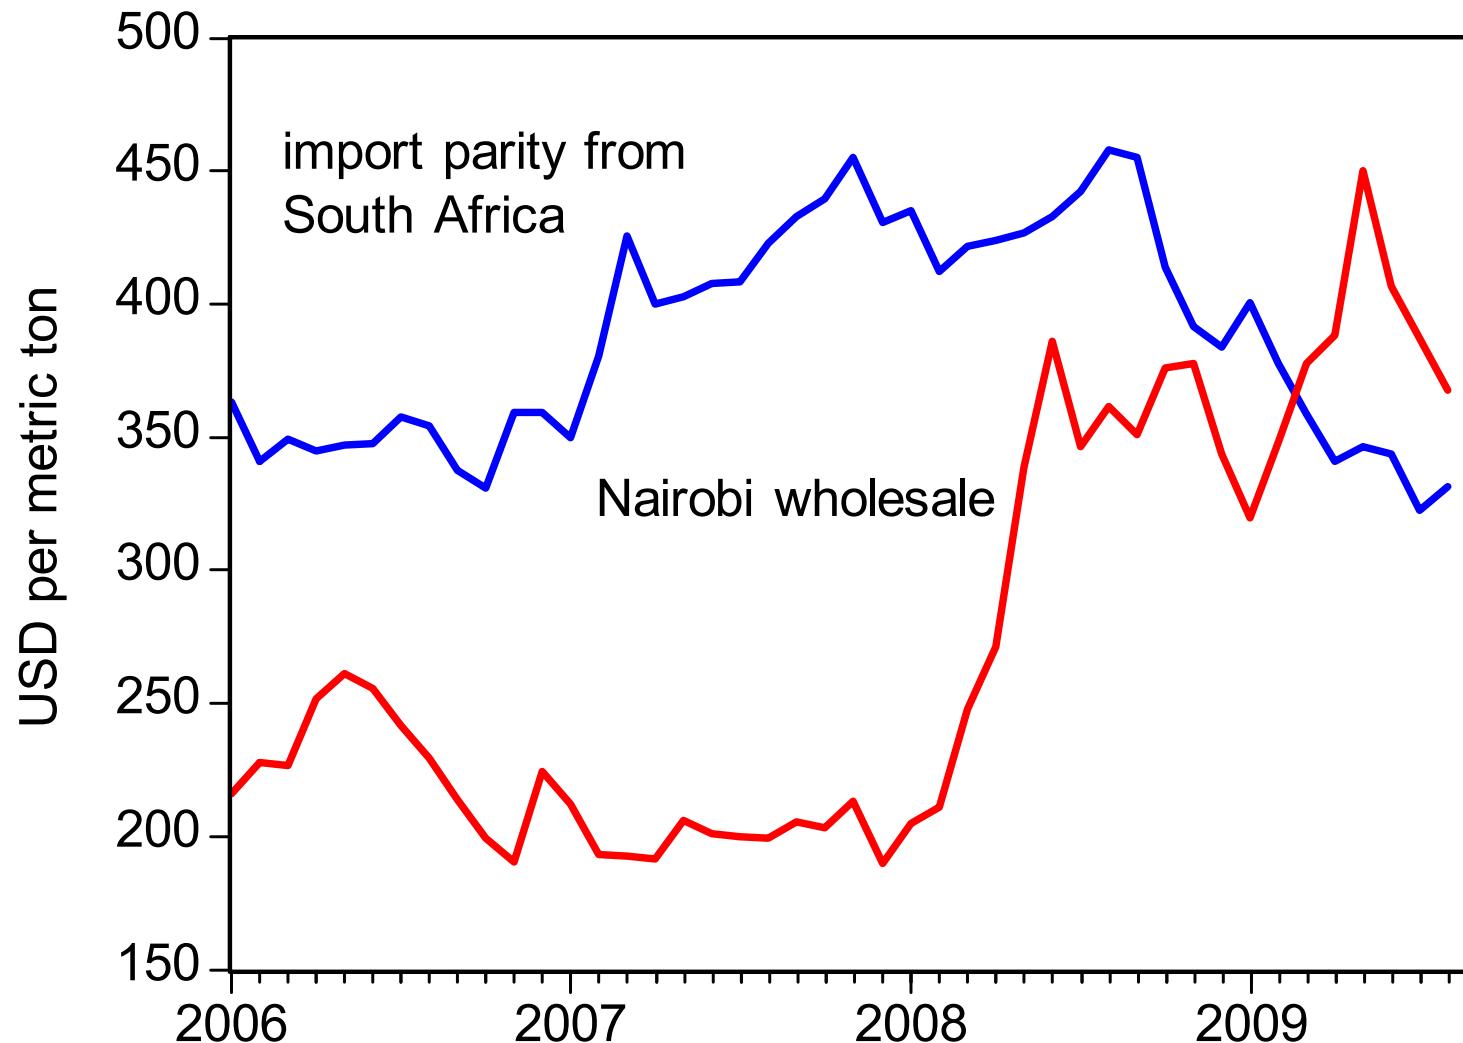

## Maize prices vs import parity, Lilongwe, Malawi

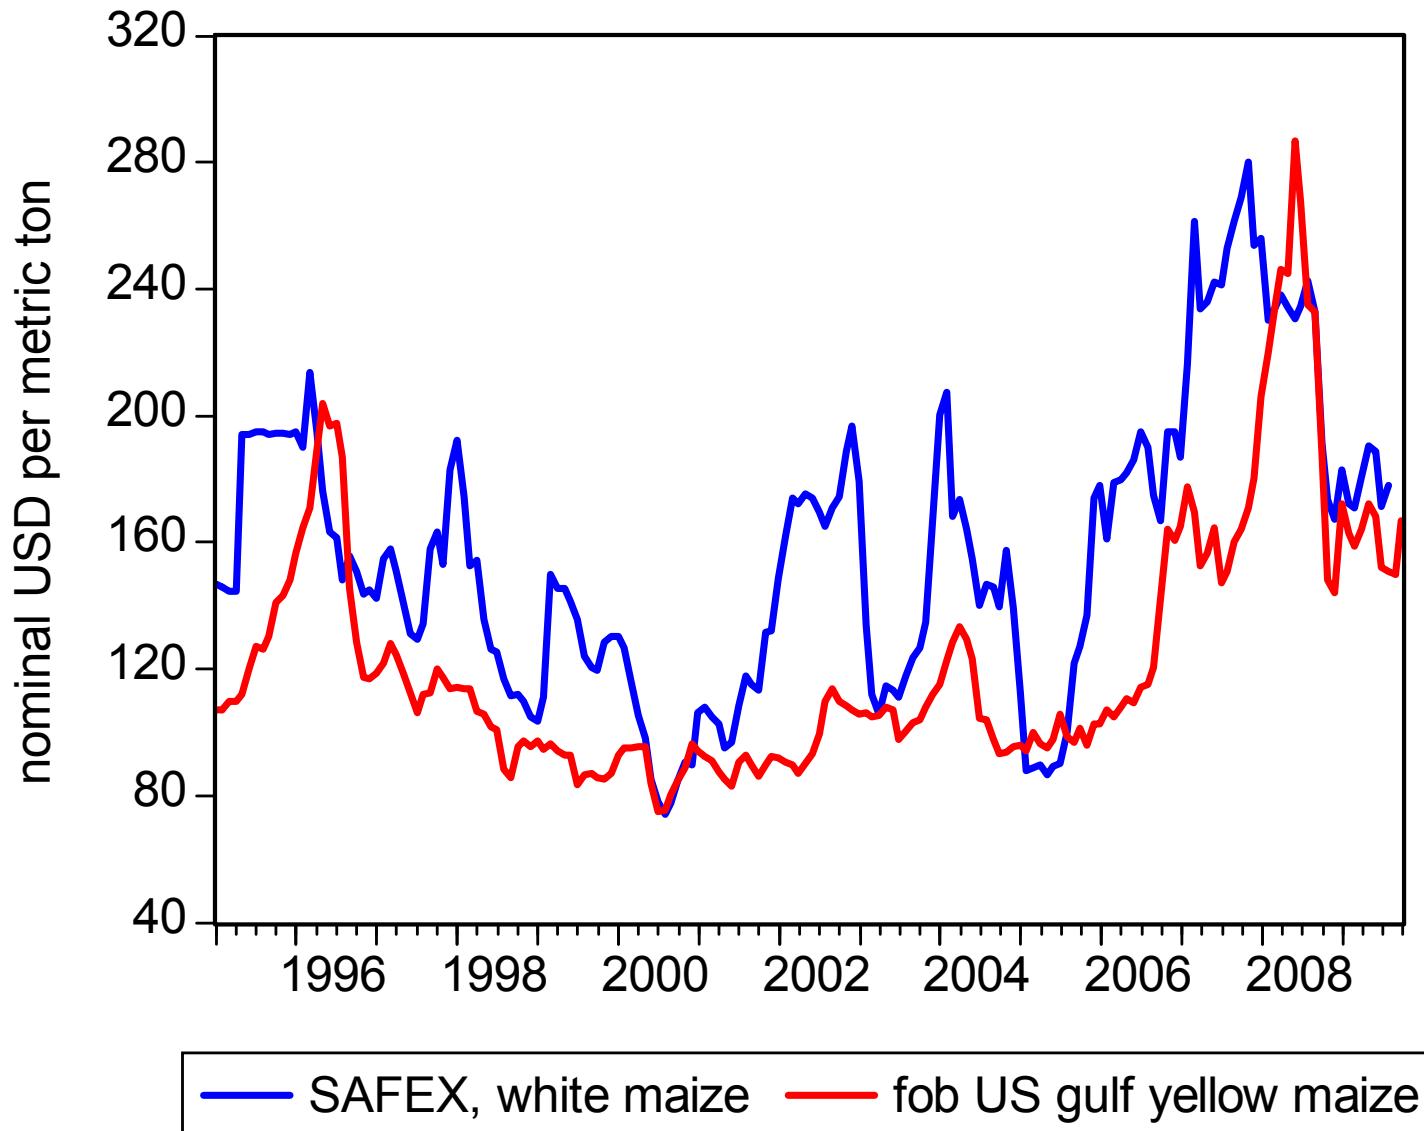

# Maize prices vs. import parity, Blantyre, Malawi

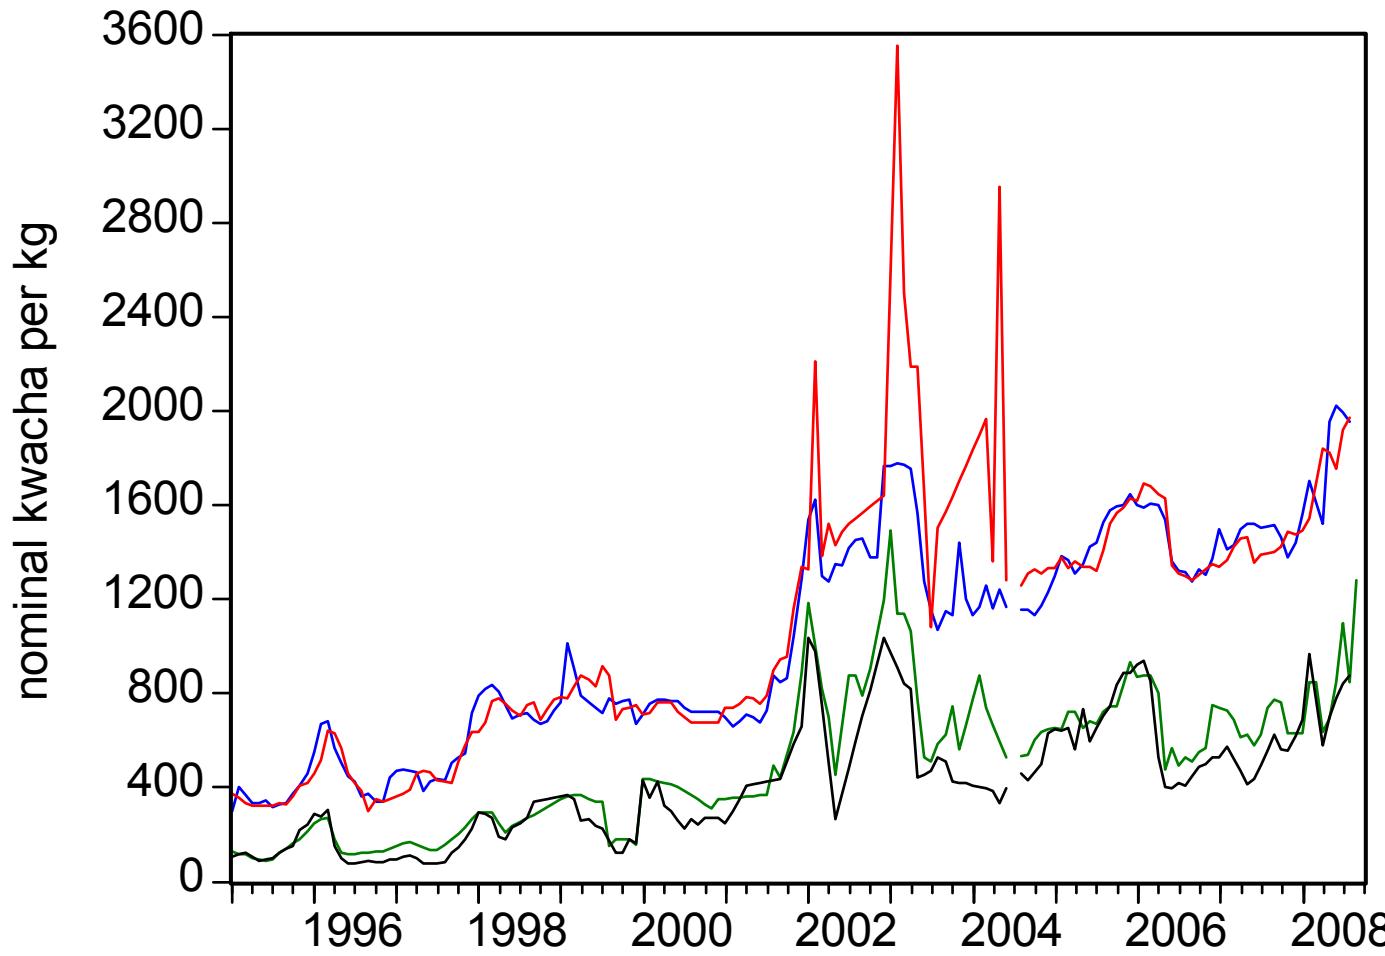

# Maize prices vs. import parity, Nairobi, Kenya

# Maize prices, SAFEX vs. US Gulf

# Wholesale maize grain and maize meal prices, Zambia

Breakfast meal, Lusaka	wholesale maize grain, Lusaka
Breakfast meal, Ndola	wholesale maize grain, Choma

# Motivation

---

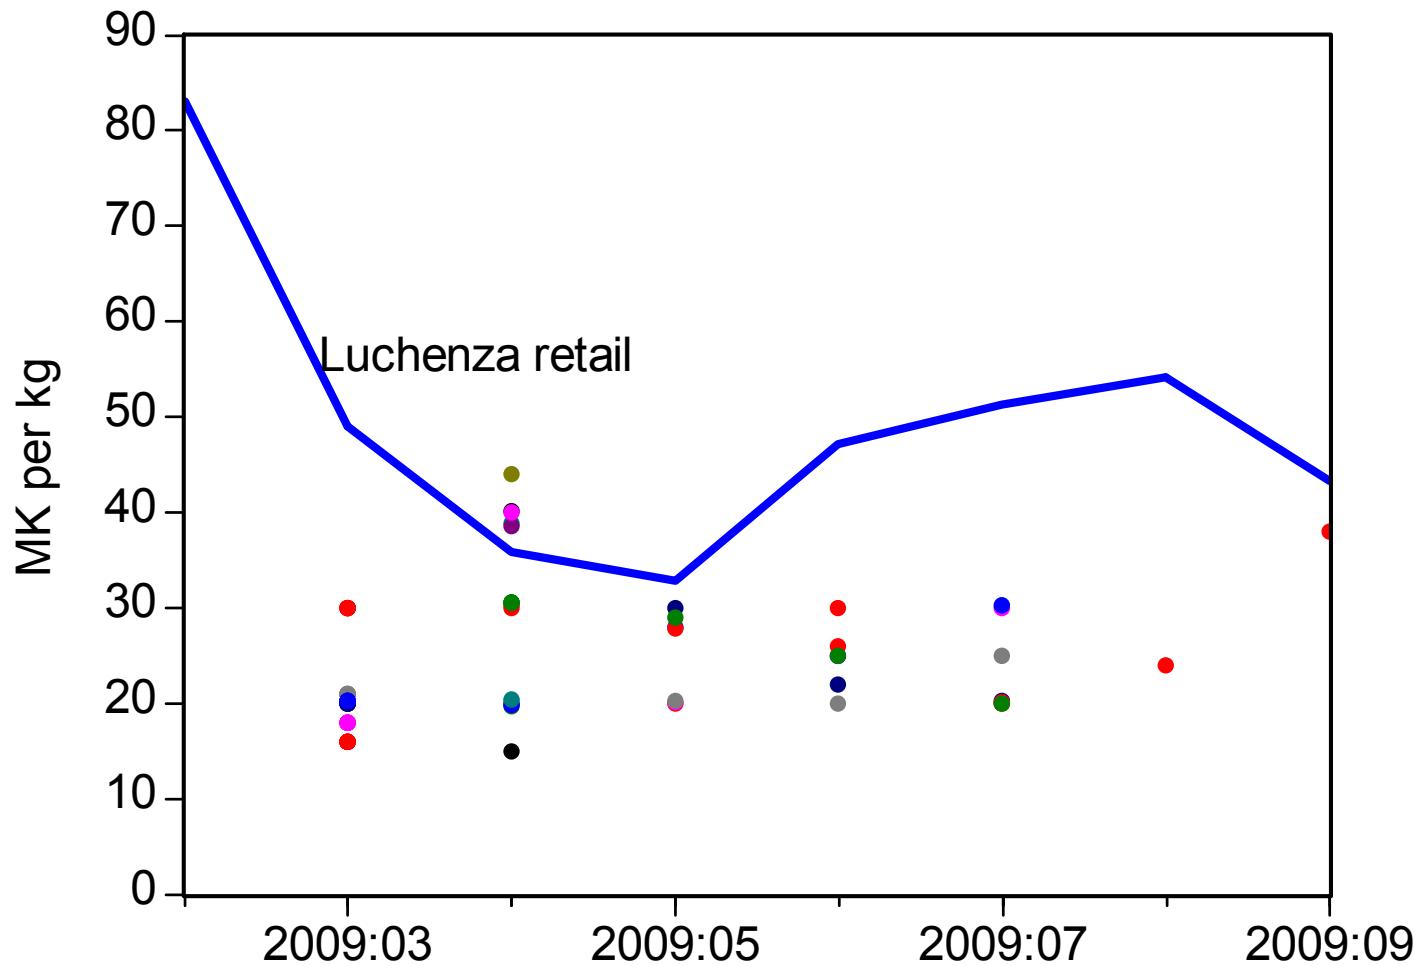

- Why bother studying the relationship between food prices in one market and another?
- Why bother studying the relationship between food prices at one level (e.g, farm-gate) and food prices at another level (e.g., retail)?

# Definitions

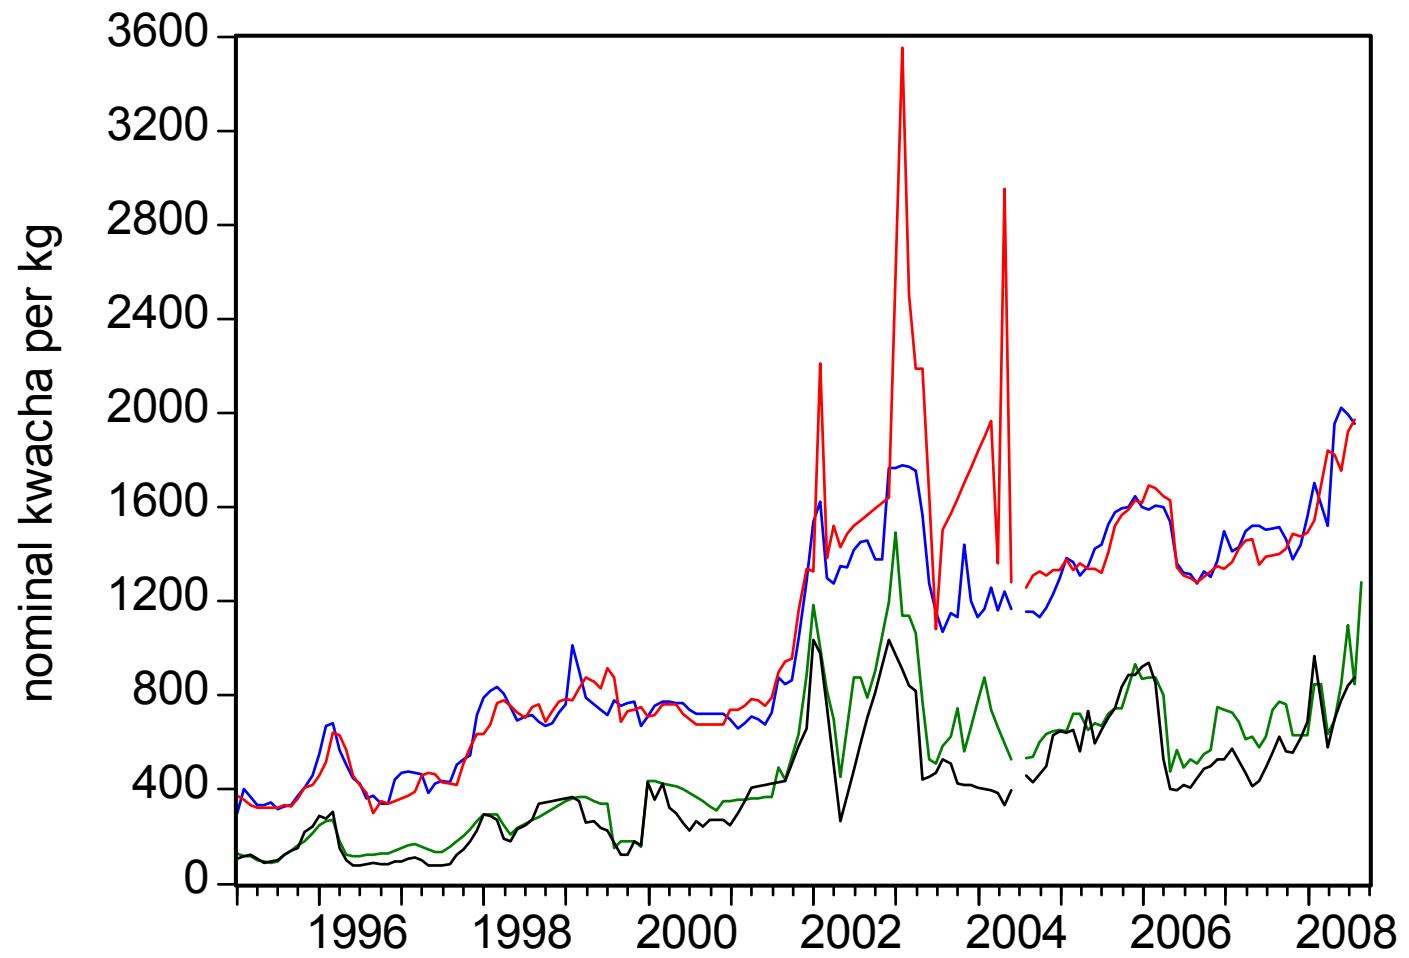

---

- What are:
  - Spatial marketing margins
  - Spatial marketing costs
  - Vertical marketing margins
  - Vertical marketing costs

# Luchenza retail price and farmer-reported prices received in remote villages in Mulanje District, 2009/10 marketing year

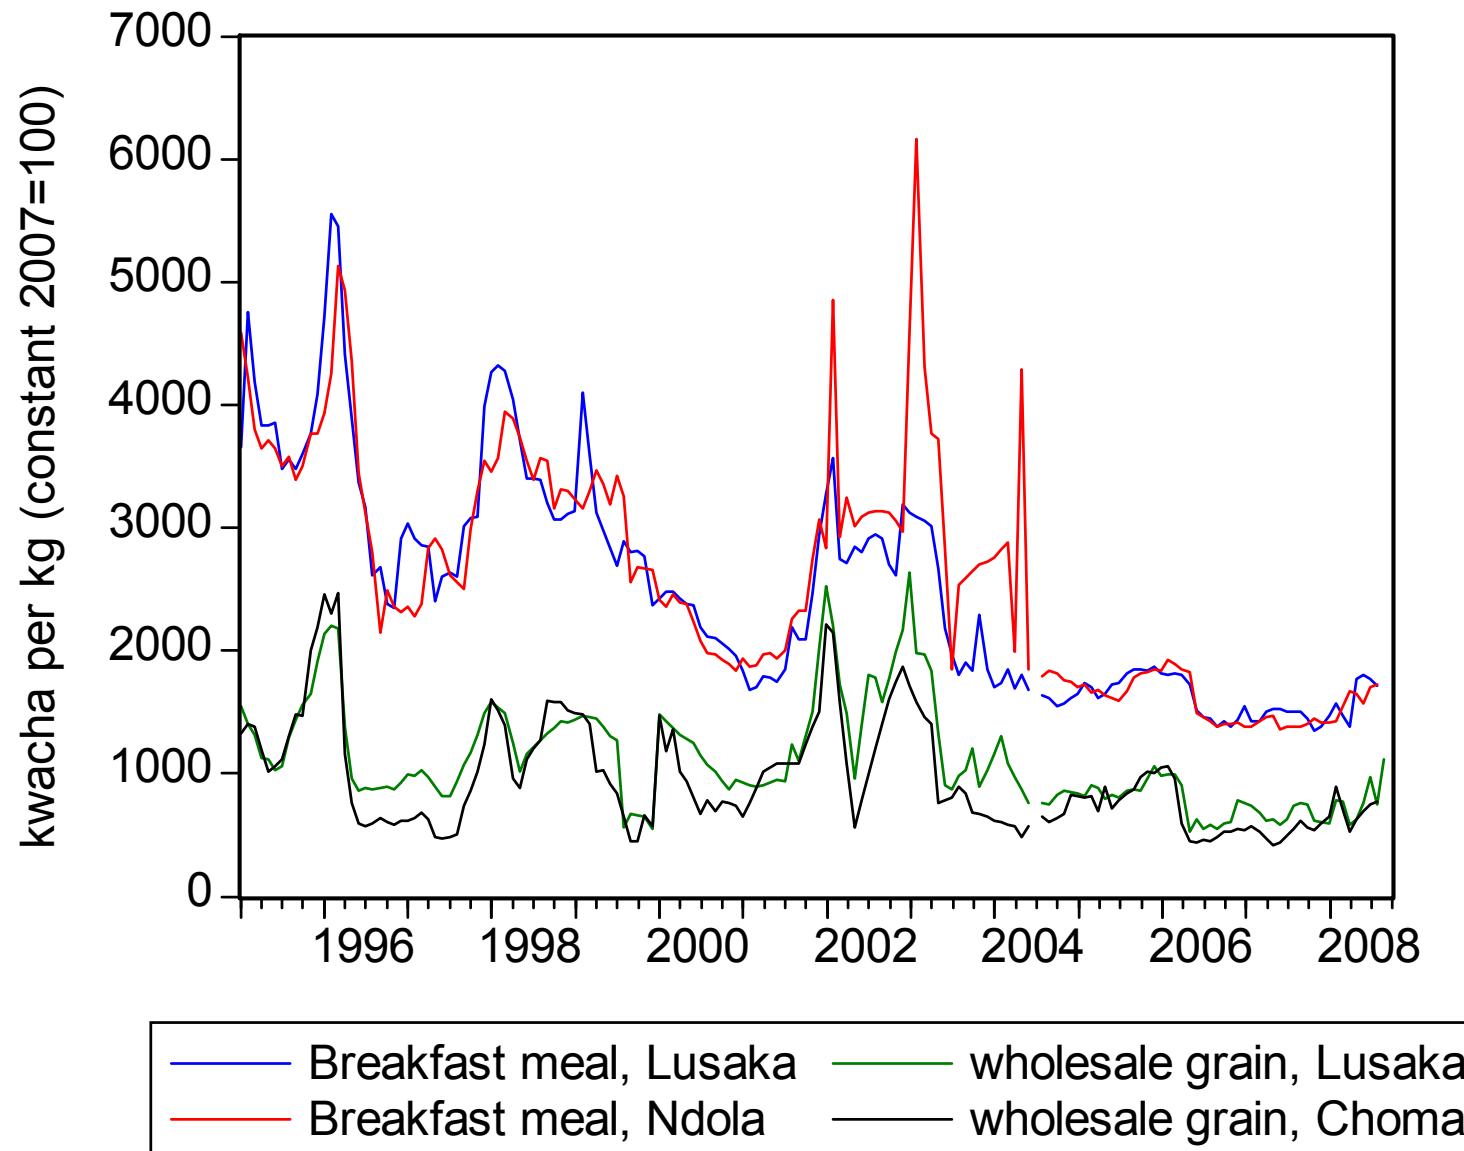

## Wholesale maize grain and breakfast meal prices, Zambia

—	Breakfast meal, Lusaka	—	wholesale maize grain, Lusaka
—	Breakfast meal, Ndola	—	wholesale maize grain, Choma

## Wholesale maize grain and breakfast meal prices, Zambia

# Determinants of marketing margins

---

- ❑ Spatial margins:
  - ❑ 1
  - ❑ 2
  - ❑ 3
- ❑ Vertical margins:
  - ❑ 1
  - ❑ 2
  - ❑ 3

# Why might margins $\neq$ costs?

---

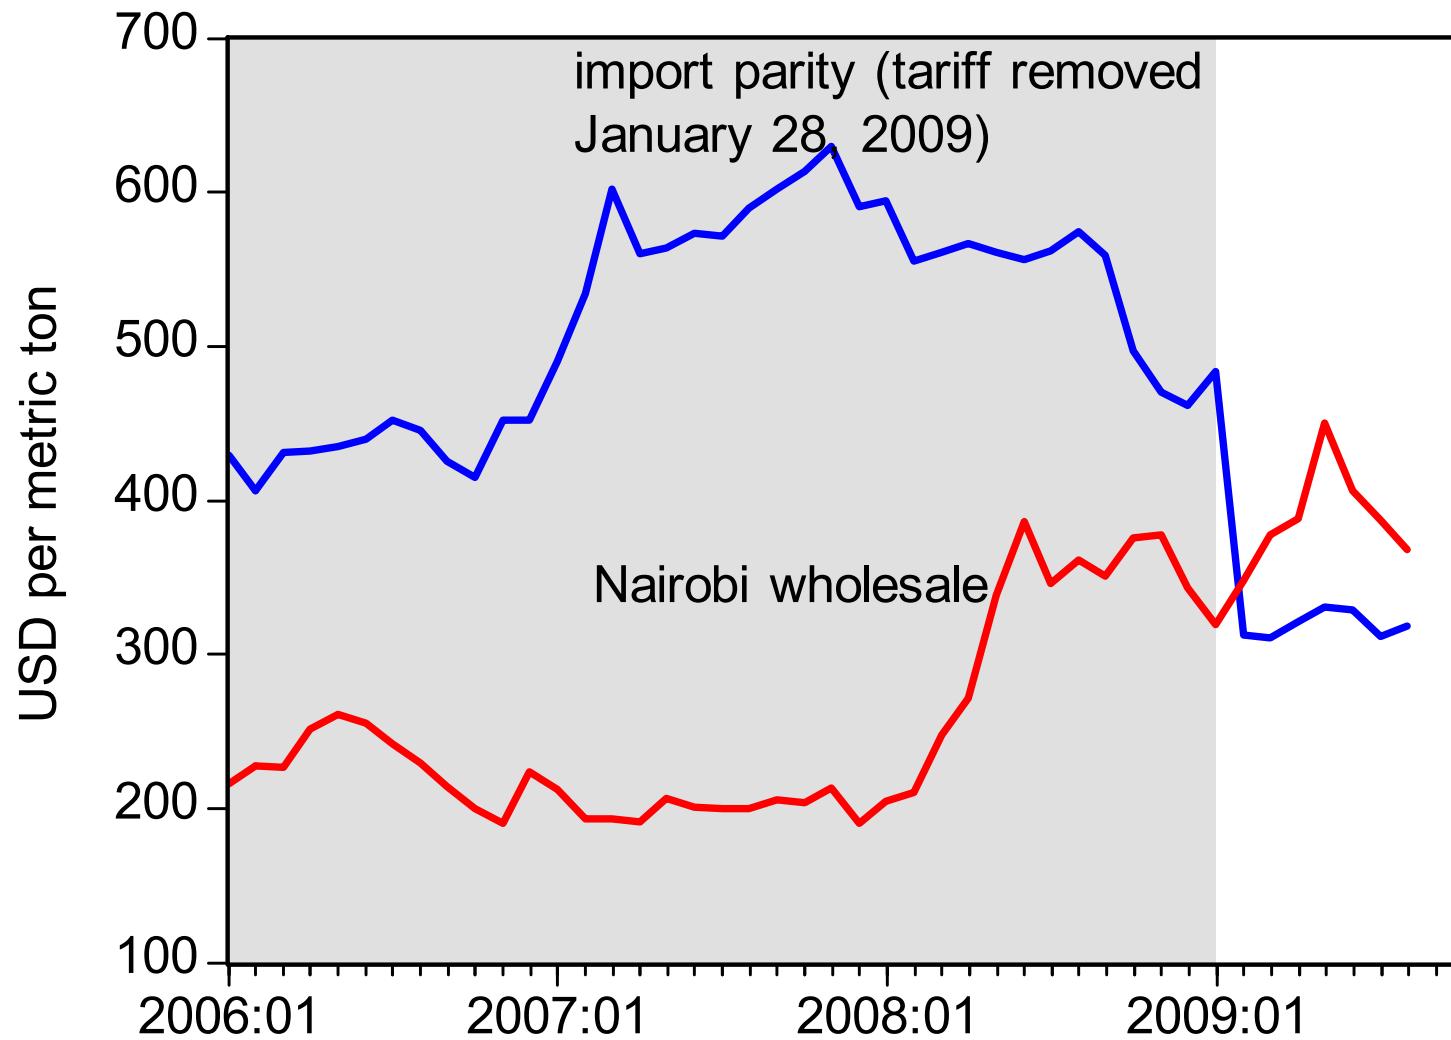

- ❑ Spatial margins:
  - ❑ 1
  - ❑ 2
  - ❑ 3
- ❑ Vertical margins:
  - ❑ 1
  - ❑ 2
  - ❑ 3

## What does it mean if:

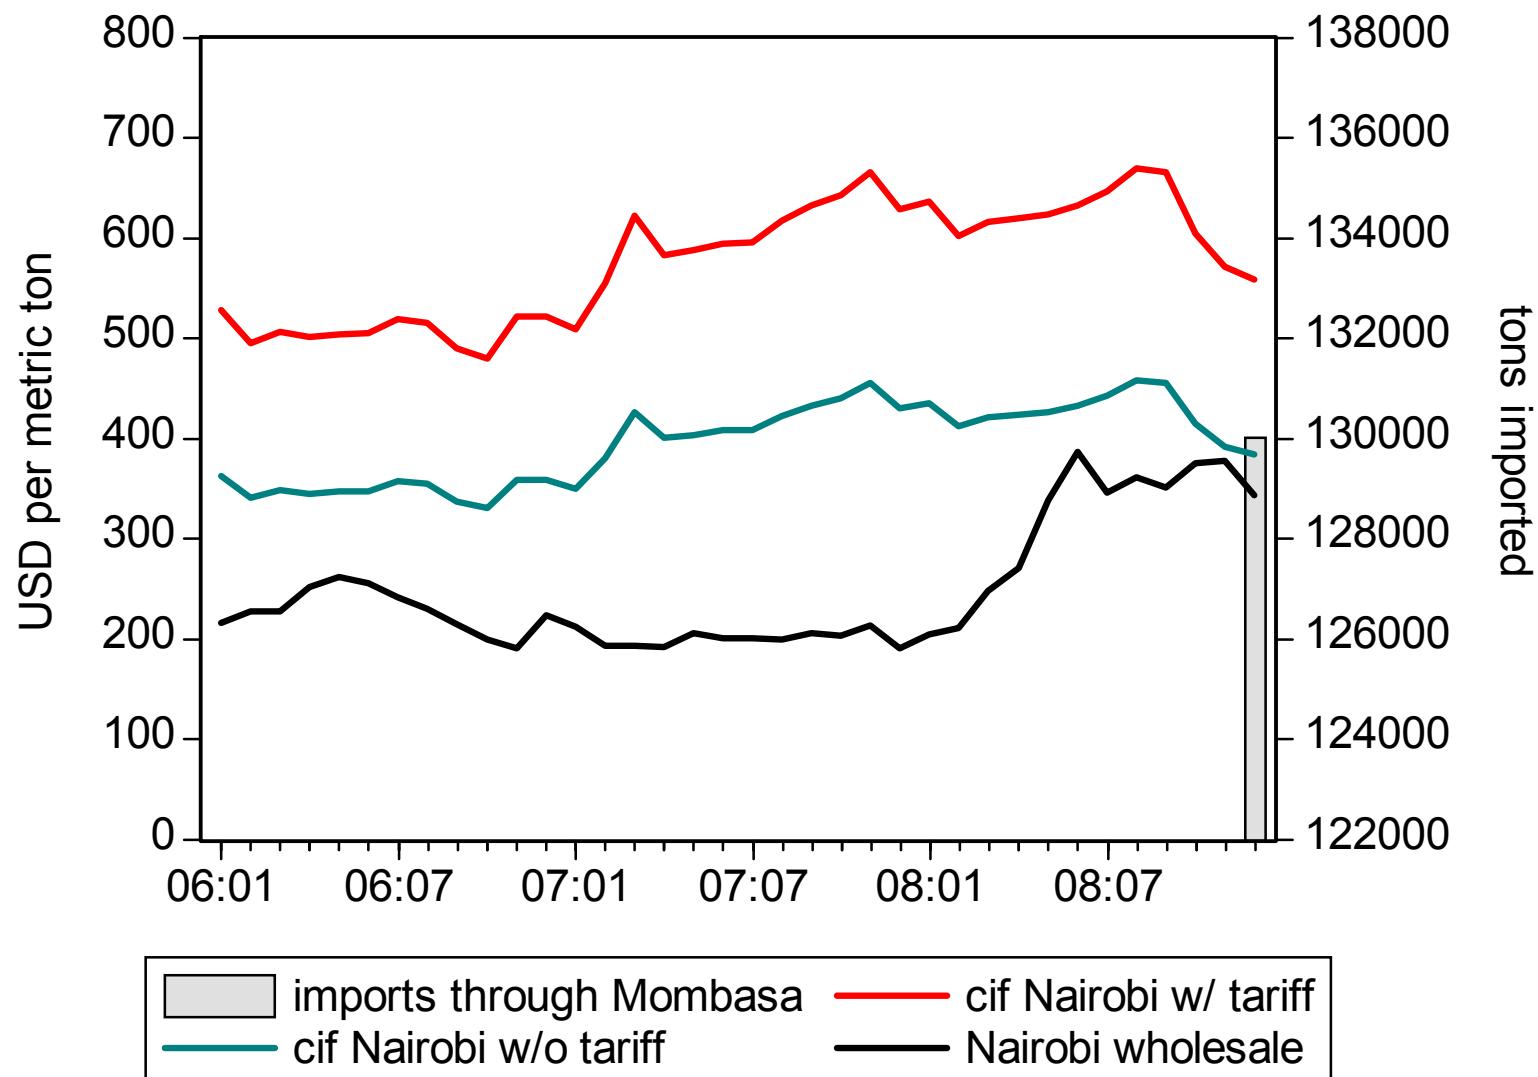

---

- Spatial margins < transfer costs:
  - 1
  - 2
  - 3
- Spatial margins > transfer costs
  - 1
  - 2
  - 3

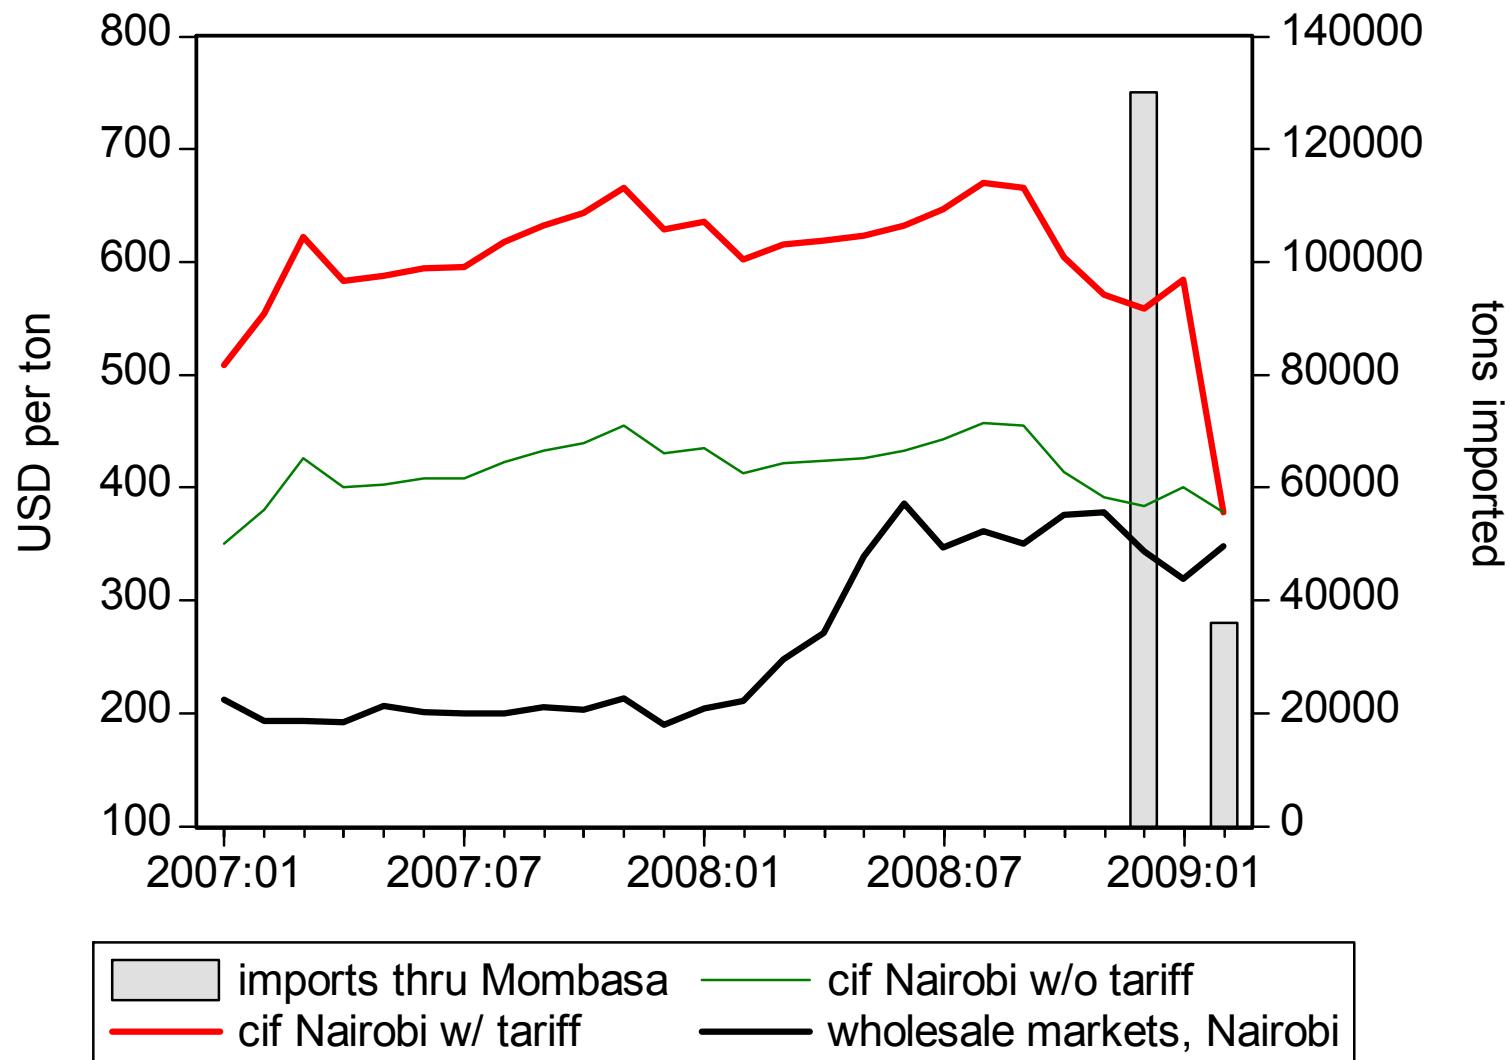

# Maize prices vs import parity, Nairobi, Kenya

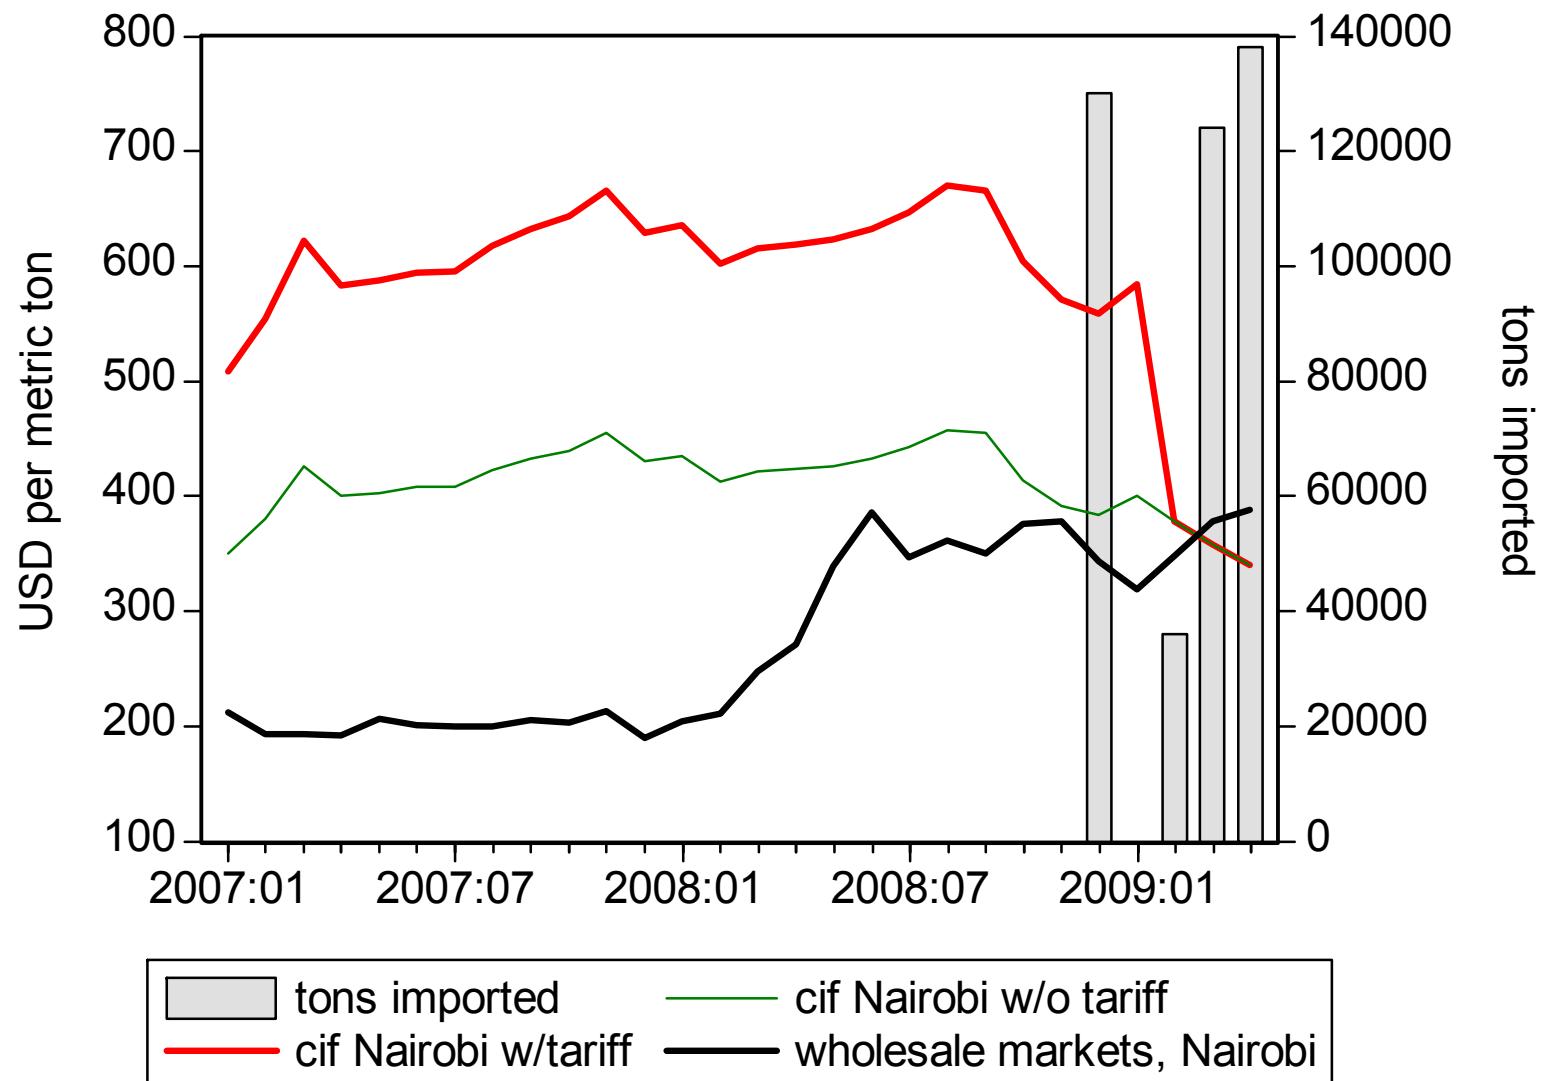

# December 2008, Kenya

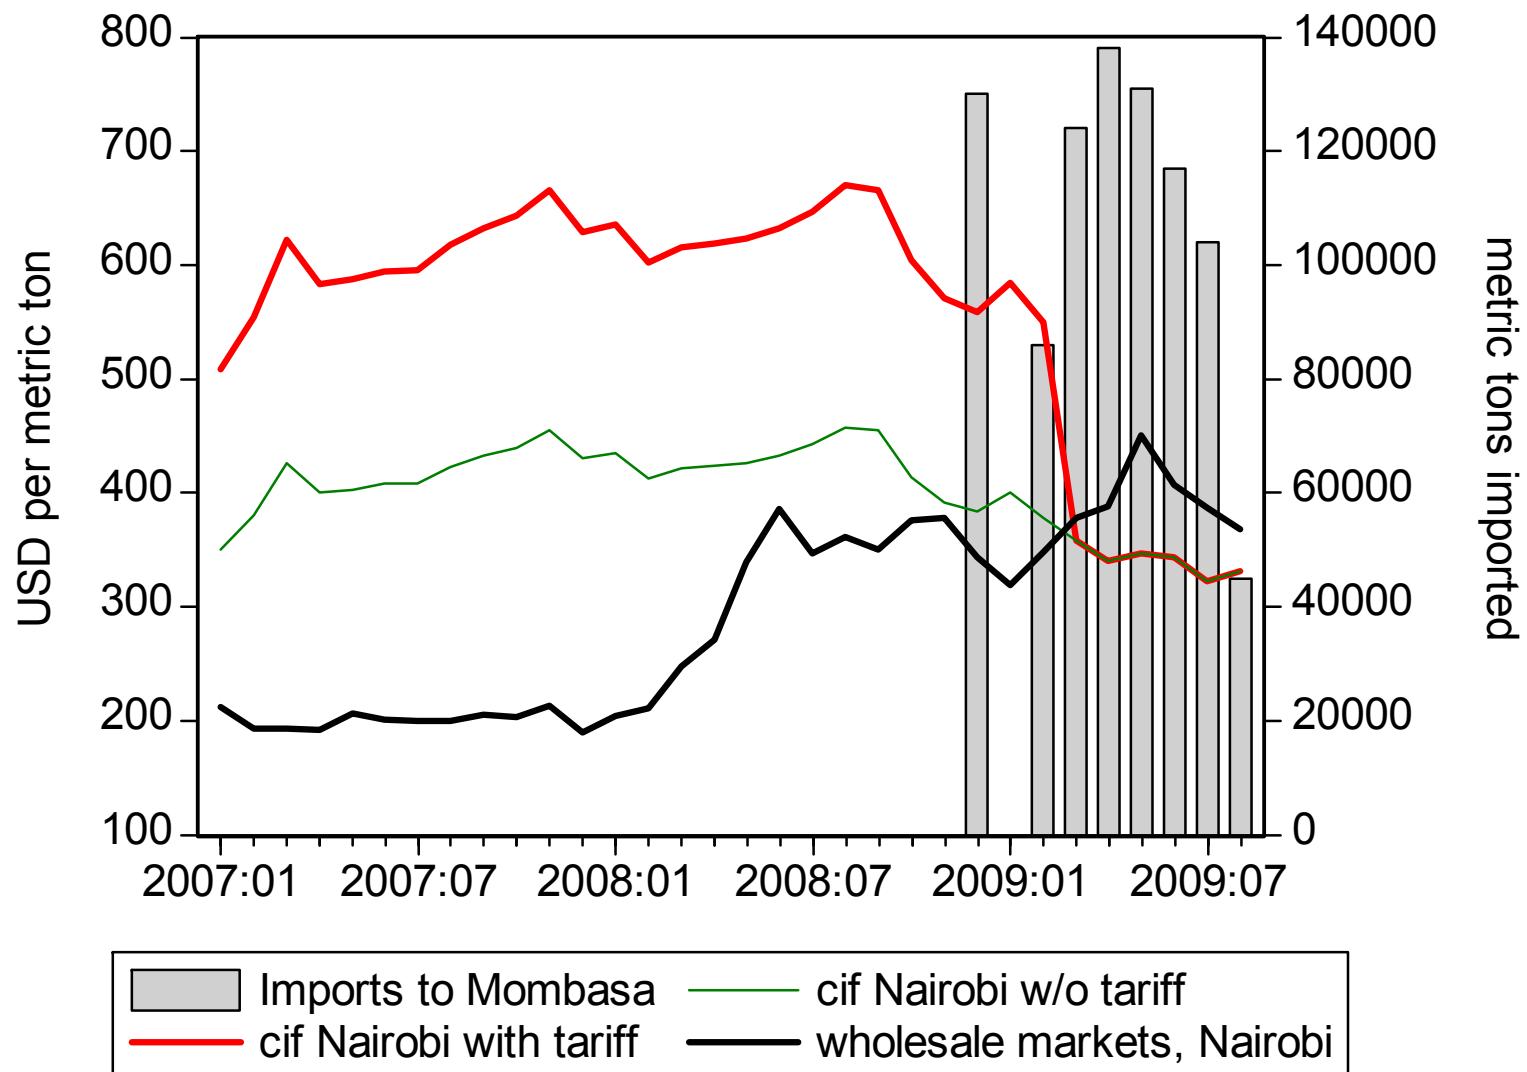

# February 2009, Kenya – tariff removed

# April 2009, Kenya

# August 2009, Kenya

# Exercise

---

1. Examine maize prices at
  - a. SAFEX
  - b. Blantyre Malawi
  - c. transfer costs between them
2. Compute the spatial price spread
3. Compute import parity prices at Blantyre
4. On the basis of spatial margins vs. transfer costs, predict the months in which you would expect to see imports occurring
5. Compare this with actual trade flows
6. Explain the reasons for what you see

thank you
