Why do we keep records?

By keeping records, you will be able to see how much progress you make this year and over the course of your 4-H career as you set goals and work to accomplish them.

Good records will:

- Help you learn about animals, their rate of growth, the feed they require, the cost of the feed, and their habits.
- Increase understanding of your project's financial outcome.
- Assist you in gathering information to market your animal.
- Improve your management practices.
- Keep track of your project activities and learning experiences.
- Allow you to better plan for future livestock projects.

I hereby certify that, as the exhibitor of this project, I have personally been responsible for the care of this animal, record keeping, and have completed this record book. I am aware that this record book may be on display during the auction and/or fair, and thus all content will be appropriate.

Marketing Your Rabbit Project

The sale price for most animals at the auction reflects the amount of effort put into marketing your project animal(s). Contacting potential buyers before the sale is essential to making the most out of your livestock project.

Activity:

Create a buyer letter and include a copy in your record book with the name and address of the potential buyer you sent it to. Please use proper business letter format (can be typed, but require a signature).

Tips

Introduction

- Use a proper business heading including the date and name of business or person
- Include info about yourself (club, age, grade, etc.)
- Introduce what you've learned through your project

Body

- Talk about your project (name, species, breed)
- Talk about how you have worked with your animal/things you've learned
- Talk about how you have raised your project animals and where you got them from

Closing

- Add necessary information about location/dates/times of the fair and the auction
- Inform the potential buyer where they go to register as a buyer
- Use a professional signature line, such as "sincerely," and include your name (not typed) legibly below

Key Points

- Consider including a picture of you and your project in the letter
- Personalize the letter to each buyer. Do not use broad phrases such as "Dear Buyer"
- Express gratitude to your potential buyers and be sincere
- Don't forget to write a thank you not to your buyers after auction!

Buyer Letter Delivery Chart

Please list all of the places that you sent or delivered your buyer letters to. Fill out the date they were sent or delivered and whether or not you greeted the potential buyers in person.
