

Processed Industrial Hemp and CBD Products: A Guide on Legality in Michigan

The Bureau of Marijuana Regulation (BMR) and the Michigan Dept of Agriculture & Rural Development (MDARD) [issued joint guidance](#) on March 29, 2019 regarding CBD (cannabidiol) and industrial hemp. Based on this document and correspondence with staff from MDARD and the Michigan Liquor Control Commission's (MLCC) Enforcement Division, the following is a quick guide for Michigan processors.

Industrial Hemp Products For Human Consumption – LEGAL

The products below, processed from industrial hemp, are Generally Regarded As Safe (GRAS) and therefore **LEGAL** to process and sell in Michigan for Human Consumption. This requires a [Processor-Handler License](#) (\$1,350) which includes passing a background check.

- Hulled Hemp Seed
- Hemp Seed Protein
- Hemp Seed Oil

Industrial Hemp Products for Animal Feed – NOT LEGAL

The products below processed from industrial hemp are not considered GRAS for animal feed and therefore **NOT LEGAL** to process and sell in Michigan for Animal Consumption.

- Hemp Seed
- Processed Hemp Seed and It's Derivatives
- Hemp Seed Oil

Industrial Hemp CBD Products For Human Use – See LEGAL Products

The below products derived from industrial hemp with THC concentration below .3% are **LEGAL** to process and sell in Michigan.

MDARD requires meeting the requirements of the [Industrial Hemp Ag-Pilot Program](#) and having a Hemp [Processor-Handler License](#) (\$1,350) to process and sell these products in the State of Michigan. These products are regulated by the U.S. Food and Drug Administrations (FDA) who is currently working on a

regulatory framework.

- **CBD Oil** (label cannot state it is for human consumption)
- **Soap**
- **Cosmetics** : As defined by FDA, Cosmetics include “skin moisturizers, perfumes, lipsticks, fingernail polishes, eye and facial makeup, cleansing shampoos, permanent waves, hair colors, and deodorants, as well as any substance intended for use as a component of a cosmetic product.”

Industrial Hemp CBD Products – See Products NOT LEGAL

According to MDARD, the below products derived from industrial hemp with THC concentration below .3% are **NOT LEGAL** to process and sell in Michigan since they are not approved by FDA at this time.

- [Dietary Supplements](#) as defined by FDA
- [Drugs](#) as defined by FDA
- Food and Beverages for Human Consumption
- Beer and Wine (governed by the MLCC)
- Animal Feed (governed by [Michigan Feed Law](#))

For more information, see the [MDARD Industrial Hemp](#) and [Industrial Hemp Industry of Michigan](#) websites, as well as the [FDA website defining the difference between cosmetics, drugs and soap.](#)

This document will be updated as new information is available.
