Landscape Design Assistant Position

Twin Lakes Nursery began in 1938 and over the years we have grown to be a leader in the West Michigan green industry, all while upholding a small, family business feel.

We provide creative landscape designs, quality installations and a full range of services to our clients, as well as maintain a business culture that cultivates personal and professional growth in our employees and upholds a level of responsibility to our shareholders and staff.

We are looking for a qualified candidate to assist our landscape designers with landscape and hardscape plans. The ideal candidate would possess design software knowledge, as well as an enthusiastic attitude towards both our team and our clients.

Duties:

- Work closely with designers during the landscape consultation, design and installation process
- Preparation of landscape designs
- Project management and clear communication with our designers and other staff

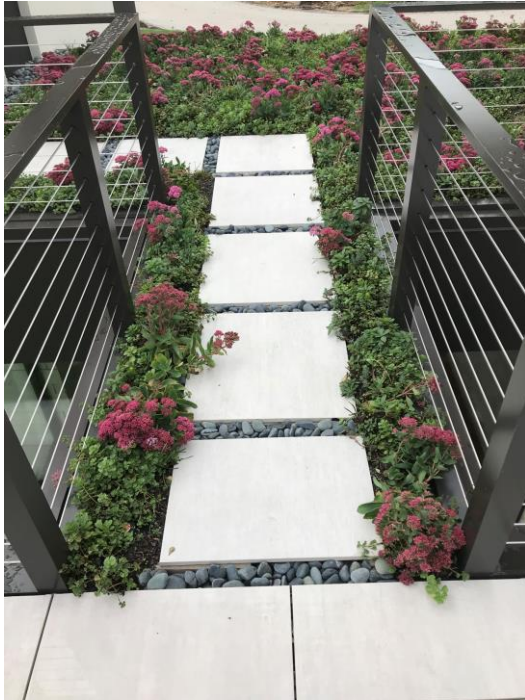

Qualifications Required:

- High level of proficiency in AutoCAD
- Experience in landscaping and hardscaping design
