

## **Summerhill Landscapes Horticulture Internship Opportunities**

An internship at Summerhill Landscapes is one of the best ways to gain experience for a career in horticulture. SHL interns work on projects that provide valuable hands-on experience, while mentoring with countless professionals who possess top-notch talent in the field. At the culmination of the internship, you'll have enough experience to determine if you're prepared to launch your career with Summerhill Landscapes Inc.

Students utilize the knowledge they have gained in the classroom and see firsthand how their studies directly translate into a professional setting. An internship can help bridge the gap between being a successful student and a future invaluable member of the Summerhill Landscapes team.

### **We offer opportunities in...**

- **Flower and Vegetable Gardens**
- **Landscape Installation**
- **Landscape Maintenance and Sustainability**
