

# Irrigation E3 Program

exposure | experience | education

WORKFORCE  
DEVELOPMENT

**Attend the 2019 Irrigation Show & Education Week in Las Vegas, Dec. 2-6, as an E3 learner.**

## Who qualifies to become an Irrigation E3 learner?

Irrigation E3 learners are students at the undergraduate and graduate levels who have expressed an interest in irrigation and

- are currently enrolled at a North American community college, university or similar institution of higher learning.
- have taken or are currently enrolled in a class with an emphasis in irrigation.
- have not been selected in previous years as an E3 learner. Those who were not selected in previous years are eligible to apply again.

## Deadlines & Dates

**Sept. 20, 2019**

Last day to submit application package

**Oct. 16, 2019**

Notification of Irrigation E3 learner status

**Dec. 2-6, 2019**

Irrigation Show & Education Week (Las Vegas)

**Dec. 5, 2019**

Mandatory presence\*; other days flexible per student schedule

\*For some schools, the show dates coincide with final exams or the week prior to final exams; however, the E3 program schedule can be adjusted for students in these situations. Please contact Workforce & Administration Manager Nicole Preisner ([nicolepreisner@irrigation.org](mailto:nicolepreisner@irrigation.org), 703.536.7080) with any questions.
