WHO SHOULD ATTEND: Any youth ages 8-19 as of January 1, 2019 interested in participating in one or all workshops!

DESCRIPTION: STEAM Sunday's are designed to give youth the opportunity to participate in STEAM themed programs without having to join a formal 4-H club. On each scheduled Sunday youth will dive deep into topics that explore a variety of discipline's. Youth are free to pick and choose which workshops they would like to attend or attend them all.

Aerodynamics: Explore, engineer, and design different levels of aerodynamic machines. Launch rockets, design planes, make a kite, create an egg transporter and much more.

Leadership & Communication: You will develop communication skills that will bring out the best in you. You will gain confidence and learn how to be a leader and make a difference in small or big ways within your community. This can prepare you for everyday communication, interviews, and more.

Forensic Science: Learn what it is like to be a detective and uncover hidden messages, solve mysteries, and use DNA extraction and fingerprinting techniques actually used in the FBI.

China Art Exchange: Learn about Chinese culture through an art exchange program! Look at and learn about art created by students your age in China. Create a work of art and have it compete to be sent to China for Chinese youth to view and discover.

Mission to Mars: Ever wanted to know what it was like to be an astronaut and travel to Mars? Now is your chance, think, eat, and explore Mars just like an astronaut would (Ages 11 and up only).

Environmental Science and Citizenship: Joining in the spirit of Earth day, learn about different environmental systems such as watersheds, and wetlands and how you can make a difference in your community and help maintain a healthy and clean environment.

Ornithology: Do wild birds fascinate you? Learn about wild bird calls, how to identify birds, learn how to band birds and more. This workshop will actually be a field trip to Corey Marsh Ecological Research Center located in Bath, MI. This workshop will also start and end at earlier times. Time TBD closer to date.

4-H Beekeeping Essay Contest

Entries due March 1, 2019

Michigan 4-H youth can improve their science, knowledge, writing and research skills and win a cash prize by entering the 2019 4-H Beekeeping Essay Competition. This year's essay topic is *Honey Varietals, State to State. Each jar of honey reflects an unrepeatable combination of climate, soil, weather and flowers. Each state has unique honey varietals that beekeepers can market to their customers. Please identify one unique varietal to your state and discuss the flower's uniqueness and how beekeepers can effectively market that varietal. Please include a photo of the varietal's flower, an interview with a local beekeeper who collects this varietal and a recipe that highlights the varietal.*

The top three winners nationally will receive cash prizes of \$750, \$500 and \$250, and winning essays will be published in ABF Quarterly, the magazine of the American Beekeeping Federation. The three national winners and the top winner of each state will receive a book about honey bees, beekeeping or honey.

Essay length should be 750 to 1000 words and will be judged on the scope of research, accuracy, creativity, conciseness and logic development of the topic. Youth are encouraged to research the topic using a number of sources. Download the complete rules before beginning the contest. This contest is sponsored by the Foundation for the Preservation of Honey Bees, Inc., a non-profit corporation, to preserve the practice and the profession of beekeeping through education and research, established by the American Beekeeping Federation.

Fit To Show Club Community Service Project

On December 16th, 2018 the Fit To Show 4-H Club went to Eaton County Health and Rehabilitation Services to pass out handmade jean Christmas stockings. Club members made these stockings out of their old jeans and included gifts in each one. The members then spent around three hours visiting the residents that weren't able to be with family on Christmas. Members spent time talking to the residents before helping them hang the stocking in their room. It was very gratifying for our club members to bring some holiday cheer to the residents of ECHRS.
