## 4-H GROWS HERE

### Virtual Community Service Projects

Give back to the community while keeping a safe distance

Engaging in community service helps youth achieve better outcomes. The [Search Institute](#) identifies service to the community as one of [40 key developmental assets](#) in youth that “help young people grow up to be healthy, caring and responsible.” In the [2018 Update on Developmental Assets Among the U.S.](#), the Search Institute found that 52% of youth reported serving in their community one hour or more per week.

The [Michigan 4-H Youth Development Guiding Principles](#) also highlight the importance of youth community service, with the expectation that 4-H programs provide a space where “youth grow and contribute as active citizens through service and leadership.” While the world grapples with a pandemic forcing people to keep their distance from each other, youth community service opportunities may look different but are still an important part of youth development.

The first step of any community service project is to understand the need and how best to address it. Making assumptions about community, agency or individual needs could result in wasted effort, limited impact or in some cases actually cause undue harm to intended recipients. When a young person or youth group identifies an area in which they would like to contribute, it’s important to do some research. Think about the organizations already affecting change in your community and ask how you can help. Many organizations publish wish lists on their websites or would be happy to discuss youth project ideas. Due to restrictions related to the COVID-19 pandemic, some organizations are not able to accept donations or are only accepting the most needed items during certain hours.

See the Club Corner for ideas of service projects your club can do.

## Enroll in 4-H Now for 2020-2021

The new enhanced 4honline is now ready for reenrollment. Please log into your [4HOnline](#) Family account to submit enrollment for each member of your family - participating Youth and Adults (\*Adults only if a volunteer).

Go to <http://mi.4honline.com> and enter the email and password you created last year. If you've forgotten your password, select "I forgot my password" and follow the instructions. Once at your family homepage, work through each member's page to complete/update personal information, authorizations and project information. **PLEASE MAKE SURE CLUB AND PROJECT INFORMATION IS UP TO DATE!** Pay special attention to your "Years in 4-H" and be sure to add **each project** a member is/has been involved in.

MSU Extension recognizes that the COVID-19 pandemic and other associated factors have put a financial strain on many families. Therefore, we have **opted to waive** the Michigan 4-H participation fee of \$20 per person or \$60 per family for the 2020-21 4-H program year which begins September 1, 2020. Some events may continue to have registration fees. You will continue to register through 4-H Online, but no participation fees will be collected or expected next year.

If you are interested in supporting 4-H in lieu of paying participation fees, please contact your 4-H program coordinator for opportunities.

**Community Leaders:** You must reenroll in order to have access to your club's information. Once approved by County staff, your access will be restored.

## Guidelines for Positive Youth Development Virtually

As Michigan 4-H staff, volunteers and youth continue to practice safe social distancing, 4-H programs have moved online and many 4-H clubs are connecting virtually. To help both 4-H staff and volunteers view the 4-H Guiding Principles through a virtual lens, MSU Extension recently developed "Michigan 4-H Guiding Principles for Positive Youth Development: Virtual Programming Focus." This resource is a great tool for adults interacting with 4-H'ers to review as they consider the best ways to optimize 4-H programming for the online world.

View the Michigan 4-H Guiding Principles for Positive Youth Development online at [www.canr.msu.edu/resources/michigan-4-h-guiding-principles-for-positive-youth-development-virtual-programming-focus](http://www.canr.msu.edu/resources/michigan-4-h-guiding-principles-for-positive-youth-development-virtual-programming-focus).

## Instructors wanted for 2021 4-H Exploration Days!

Plans are underway for an exciting and enhanced 4-H Exploration Days in 2021—and we need your help! MSU Extension's 4-H Exploration Days is a pre-college program for youth ages 12-19 years old. Volunteers are crucial to this exciting program that allows youth to try new things, gain confidence and independence through hands-on learning, and make friends that can last a lifetime.

The 2021 event is slated to be held June 23-25, 2021 on the campus of MSU. During this tumultuous time, MSU Extension is committed to ensuring that participants and volunteers of Exploration Days have a safe and enjoyable experience. While we hope to host this event in person for 2021, we are also preparing for the potential of having a virtual experience. We will continue to keep both volunteers and potential participants informed as to any updates as time progresses.

To make the most of our 2021 event, regardless of format, we are currently looking for instructors to host fun and engaging sessions. Please consider submitting a session proposal before December 1. Session proposals include a session title, description, basic idea of cost, any co-instructors/session supports (youth or adult) you plan to engage and their contact information.

New for this year, sessions will take place on Thursday (morning, afternoon or both) or Friday morning in either, 2.5, 3 hour or 6 hour time slots. To learn more about instructor roles and to access the form, please visit [www.canr.msu.edu/4\\_h\\_exploration\\_days/Volunteer-Information/](http://www.canr.msu.edu/4_h_exploration_days/Volunteer-Information/) or contact Laurie Rivetto at [rivettoL@msu.edu](mailto:rivettoL@msu.edu).

## 4-H'ers excel at 2020 Michigan State Fair 4-H & Youth Virtual Showcase; \$50,000 in youth scholarships awarded

Michigan 4-H youth didn't let the COVID-19 pandemic slow down their opportunity to demonstrate the skill, mastery and hard work they have put into this year's 4-H projects. These outstanding 4-H'ers took part in the first-ever Michigan State Fair 4-H & Youth Virtual Showcase, hosted by the [Michigan State Fair](#) and [MSU Extension](#). This virtual platform allowed youth ages 5-19 to exhibit their work in all project areas alongside peers from across the state.

In addition to the opportunity to showcase their skills and receive accolades for their hard work, participants in the statewide event also had the opportunity to apply for up to \$50,000 in scholarships, generously provided by the Michigan State Fair and in partnership with the Michigan 4-H Foundation. Among those scholarships were new funds provided in 2020 to support 4-H Virtual Scholarships, specifically for 4-H youth. Recipients of the 4-H Virtual Scholarships are:

- Magdalene Callender, Ingham County
- Rebecca Havelka, Menominee County
- Travis Liford, Oakland County
- Adrian Noecker, Antrim County
- Elizabeth Shane, Washtenaw County
- Alexis Fisher, Monroe County
- Sarah Liford, Oakland County
- Allison Littlefield, St. Joseph County
- Kylie A. Ossege, Oakland County
- Troy Todd, Osceola County

"I have always dreamed of competing at the Michigan State Fair, but due to distance that was not possible," said scholarship recipient Rebecca Havelka. "The positive in this whole experience is that I had the ability to compete virtually at more shows than I could have ever imagined. Thank you so much for making this possible!"

In total, more than 400 youth from 62 Michigan counties entered more than 2,000 projects in the Michigan State Fair 4-H & Youth Virtual Showcase. Evaluation began on August 24 with youth receiving an A, B or C rating, as determined by project standards. To view placings for the 2020 Michigan State Fair 4-H & Youth Virtual Showcase, visit [www.michiganstatefairllc.com](http://www.michiganstatefairllc.com).

## Important Changes to 4-H Financial Manuals for Volunteers & Treasurers

FINANCIAL MANUAL FOR 4-H VOLUNTEERS:

### Leading the Way to Financial Accountability

The 4-H Financial Manuals for Volunteers and Treasurers support 4-H volunteers and adult and youth treasurers in their roles managing 4-H funds.

Small revisions and updates to these books were made in 2020. The online PDF versions of the manuals contain the changes. However, if you have a printed or hard copy version that does not contain the 2020 changes, a one-page document is available online that notes all the important content adjustments. It is recommended that you print this resource and store it in your manual for quick reference.

Download the 2020 changes resource at [www.canr.msu.edu/resources/4\\_h\\_financial\\_management\\_toolkit](http://www.canr.msu.edu/resources/4_h_financial_management_toolkit). For more information, please contact your local county staff member.

The first recorded use of tortillas dates to 10,000 BC, and were made from corn. According to legend, tortillas were first made by a Mayan peasant for his hungry king.

When the Spanish arrived in 1490-1519, they discovered native inhabitants like the Aztecs and others all ate some sort of bread made from maize (corn). The Spanish Conquistadors quickly spread news of this strange new bread. It wasn't long before wheat was brought over to the New World from Spain and the birth of flour tortillas happened.

### Virtual Community Service Projects

[Michigan State University Extension](#) suggests the following lists of ideas for youth to consider when planning a community service project during a pandemic. This is not an exhaustive list.

Projects that can be completed with materials at home are probably the most accessible for all youth. These project ideas require basic and minimal supplies.

- Baking homemade dog treats for animal shelters.
- Writing letters to seniors or essential workers.
- Creating artwork for seniors, nursing homes or hospitals.
- Creating and displaying artwork for your community through sidewalk chalk, murals or yard signs.

Projects requiring special supplies are also possible. Service project organizers could provide families with a supply list or make arrangements to conduct a non-contact supply drop off.

- Assembling no-sew fleece tie blankets for local hospitals, women and children's shelters or nursing homes.
- Sewing, cutting or ironing homemade masks for local schools or daycares.
- Creating homemade dog or cat toys for shelters.
- Painting garden markers or signs for community gardens.
- Assembling learning or craft kits for youth that may be isolated at home.
- Planting flowers or houseplants in containers for a local nursing facility.

Youth could organize a community or neighborhood donation drive to collect needed items for local service agencies. Work with youth to establish a non-contact drop off location.

- Food drive for food banks.
- Hygiene drive for food banks or local service agencies.
- Diaper/wipes drive for local baby closet.
- Pet supplies drive for local animal shelter.
- Children's clothing/toys/books/diapers drive for local foster closet.
- Hats/gloves/mittens/winter coat drive for local homeless shelters or schools.
- Pop can tab drive for [Ronald McDonald House](#).

Some service projects can be conducted entirely over the internet. These often require a device and a reliable internet connection.

- Playing virtual card games or board games with seniors isolated in their homes or nursing facilities.
- Assisting a local nonprofit with social media awareness campaign or recording a video or testimonial to support their cause.
- Reading to young people through a local playgroup or library.
- Tutoring younger students utilizing a remote meeting platform.
- Serving as a moderator or tech support for a virtual community meeting (even assisting your 4-H club or county 4-H council).

Some service projects must be conducted as a family unit, as they require travel to a designated location or require parental involvement.

- Park or roadside cleanup
- River/watershed cleanup
- Adopt-A-Beach cleanup
- Community garden cleanup
- Planting trees
- Raking leaves, cutting grass or shoveling snow for physically challenged neighbors.
- Making phone calls to friends or neighbors who might be lonely.

Be sure to remember to connect with existing service organizations or efforts to support and contribute to their work, and to make sure your efforts are meaningful. Every community is different and may not have the same types of agencies. Here's a list of the kinds of agencies youth may be able to partner with in their projects.

- Local animal shelter
- Local women's shelter or family shelter
- Foster parent support group/agency
- Schools
- Community action agencies
- Food banks/organizations serving community meals
- Senior centers
- Nursing or assisted living facilities
- Single parent support groups
- Hospitals/free clinics
- Community gardens
- Local conservation organizations
- Department of Natural Resources/U.S. Forest Service/U.S. Park Service
