## 4-H State Awards

The Michigan 4-H State Awards Program provides 4-H members a learning experience where they can develop career skills by using their 4-H experiences to compile a portfolio similar to a professional application while receiving recognition for their 4-H involvement. The application process will help youth build their skills in communication, literacy, record keeping, and marketable skills. The application will require youth to reflect on their past 4-H experiences and provide thoughtful responses. 4-H State Awards recognize youth for their engagement and learning in the 4-H program, focusing on the skills they have gained; not necessarily the past achievements and awards received. Once completed, a 4-H State Awards portfolio may be a useful tool that can be referenced when completing future job, college, or scholarship applications.

It is strongly encouraged to begin working on your application early (December), as it will take you time to complete it and have it reviewed before submitting it. This is a great opportunity to build your skills in goal setting and time management. Please be sure to communicate with your county 4-H Program Coordinator early in the application process. All applications are due by **February 1st**. Completed 4-H State Award portfolios will be uploaded through the MSU Extension Events Registration system:

<https://events.anr.msu.edu/StateAwards2020/>

Creating your 4-H State Awards application portfolio is an exercise in professionally communicating your experiences in a standardized format similar to a scholarship or employment application. The Michigan 4-H State Awards Application Portfolio includes the following components highlighting your 4-H experiences:

- A cover letter
- Résumé
- 4-H Story
- Application questions

Please contact the 4-H Office if you would like to apply for a State Award. We encourage you to apply and would love the opportunity to help you prepare for this engaging experience.

## MSU Extension to launch new portal for volunteers in 2020

In early 2020, MSU Extension will launch Volunteer Central, a statewide volunteer management database and screening system. Volunteers are the core of many MSU Extension programs and the most essential partners MSU Extension has. As such, the organization has made a major investment into Volunteer Central in an effort to improve processes for both staff and volunteers. In the new system, volunteers will enjoy improved features including easy-to-read dashboards and a one-stop application process, among other advantages.

A unique feature of Volunteer Central is that each volunteer will have their own unique online account and profile. Unlike 4-H Online, family profiles will not be permitted. This is necessary to protect the confidentiality of each volunteer and the integrity of data in the system. In preparation for the launch of Volunteer Central, those who currently share an email address with another 4-H volunteer should make plans to create a separate email address for each shared user. For those who may need help with this task, holiday time with family, friends and neighbors is a great opportunity to ask for assistance in this area.

Once you have created a new email address, please either:

1. Log in to 4-H Online and add the newly created email address to the volunteer with whom it should be associated; or
2. Contact your local 4-H program coordinator and share the newly created email address and the volunteer with whom the account should be associated.

The email addresses in 4-H Online and shared with 4-H program coordinators will be used to create access accounts for current volunteers in Volunteer Central. In the coming weeks, look for additional information about Volunteer Central and when current volunteers will have access to the system. In the meantime, please contact your local 4-H program coordinator with any questions or concerns.
