**YQCA Certification Needed to Sell Livestock  
Now Offering In-Person Training—June 21**

All youth must be YQCA certified in order to **sell your swine, beef or dairy market steer/feeder projects at Fair.**

Youth for the Quality Care of Animals (YQCA) is a national multi-species quality assurance program for youth ages 8 to 21. YQCA is designed as an annual education and certification program focused on food safety, animal well-being and character awareness for youth producing and/or showing pigs, beef cattle, dairy cattle, sheep, goats, market rabbit, and poultry.

Complete your certification at <http://yqca.org/>. You will need to be prepared to pay for the cost of the YQCA training when you register with a credit/debit card. Register using your 4honline account.

**NEW:** Glenda is offering an in-person YQCA training on **Monday**. The registration **closes on the 20<sup>th</sup>** and the cost is **\$5.00** which is cheaper than the online training. This certification will be good for one year.

## Earl Threadgould Scholarship Winner

Congratulations to **Nataleigh Hughes**, *Golden Stride Riders 4-H Club*, for being selected as the 2021 Earl Threadgould 4-H Scholarship recipient. In working with her 4-H leader, Mrs. Eifert, it has inspired her to pursue her passion in becoming a large animal veterinarian. Going to workshops offered by 4-H deepened her interest in education of animals and animal management. Participating in the livestock judging contest furthered that desire in learning about breeding characteristics and animal husbandry.

Nataleigh will pursue a degree in Pre-Veterinary Science at Missouri State University in the fall.

## 4-H PARTICIPATION FEE ELIMINATION FOR 2021-2022

It is with great enthusiasm that I share Michigan State University Extension has eliminated the 4-H participation fee indefinitely. This fee was not collected in the 2020-2021 program year in consideration of the financial strain put on some families due to the COVID-19 pandemic. This pause gave us an opportunity to reflect on how we can best reach all audiences. Despite our best efforts, this fee has been a barrier for some. By removing the fee, Michigan 4-H feels it can best bring the power of 4-H to all young people in Michigan.

As a valued partner, I wanted to share this important news with you as I hope this new policy will allow more Ingham County youth to take part in the hands-on learning provided by 4-H. The last 15 months have been difficult and I am excited 4-H is once again offering face-to-face programs in communities, in addition to continuing some of our great virtual efforts. I look forward to hearing your ideas about how we can collaborate to provide our current and future 4-H youth with new and improved opportunities to grow with 4-H.

## CLUB CORNER

12

The Michigan 4-H State Administrators meet with members of our 4-H F2F taskforce each Monday to review any changes from CDC, MDHHS or MSU from the following week. As previously indicated by Governor Whitmer MDHHS activated some changes effective June 1. Those relevant to us involve the maximum sizes of groups allowed to meet indoors and outdoors. The MSU community compact does not provide any guidance on group size, thus to keep with our efforts to stay in alignment with CDC, MDHHS, and MSU the following changes have been made to our in-person guidance:

### Indoors, residential:

- Current guidance: up to 15 people from 3 different households.

New guidance: no limit

### Indoors, nonresidential:

- Current guidance: up to 25 people

New guidance: 25 people or 50% of capacity or 30 people per 1,000 square feet (whichever is greater).

### Outdoors (residential and non-residential):

- Current guidance: residential is 50 persons OR 20 persons per 1,000 square feet up to 300, whichever is greater. Non-residential is up to 300 people.

New guidance: No limit.

These changes impact in-person events lead by MSUE staff and volunteers. Guidance that notes group size restrictions has been updated on our website and within the Qualtrics survey. Please see the [summary guide](#) for an updated, comprehensive look at our definitions and specifications for in-person programming.
