Corporate Profile

The York Water Company, the oldest investor-owned utility in the United States, has functioned continuously since 1816.

The Company is engaged in the business of impounding, purifying and distributing water and collecting and treating wastewater within its franchised territory, and is regulated by the Pennsylvania Public Utility Commission. The Company serves an estimated population of 199,000 through approximately 70,263 water and wastewater connections, as of December 31, 2018.

Certain matters discussed in this Fact Sheet are forward-looking statements intended to qualify for the "safe harbor" from liability established by the Private Securities Litigation Reform Act of 1995. These forward-looking statements can generally be identified as such because the context of the statement will include words such as the Company "believes," "anticipates," "expects" or words of similar import. Similarly, statements that describe the Company's future plans, objectives, estimates or goals are also forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the statements.
