World Food Prize Michigan Youth Institute registrations due March 15!

As millions across the globe deal with food insecurity, the World Food Prize Michigan Youth Institute (WFP MIYI) offers young people an opportunity to be part of the solution. Held May 11 in East Lansing, or by participating from anywhere else using Zoom video/web conference technology, the event seeks to inspire and prepare the next generation of global leaders to end world hunger.

To participate, youth should be in grades 7-12 and register by the March 15 deadline. As part of the registration process, youth are required to prepare a two- to five-page research paper about a developing country and one of 20 key factors that affect food security. At the event, youth present and discuss their papers with other attendees and research and industry experts. They also participate in interactive activities related to global food challenges and engage with area experts to discuss solutions to global hunger and poverty.

The top performing students at the WFP MIYI will be selected to attend the World Food Prize Global Youth Institute in Des Moines, Iowa, in October. For more information, visit <https://www.canr.msu.edu/wfpmiyi/>. Registrations and papers are due March 15.
