Mini Horse Meeting-

We will be working with the minis there on hand, making educational posters and more! Dress for the barn.

If you are interested in showing a mini at fair this year and are new to the program, please follow our Facebook page: **Kalamazoo County 4H Miniature Horses** and contact Julie Sheppard with any questions you may have. jsheppard@shps.org

This year we will offer the following classes for minis: Showmanship, in hand trail, in hand jumping (not open to cloverbud), costume and gymkhana in hand classes. We will also have a fun game night before show day to practice. Here are 10 things to know about miniature horses:

They are real **horses**, **not** ponies:

Miniature horses are a breed of horse, not a type of pony, and are known for their small size, typically standing under 34 inches tall at the withers.

They have a gentle and social personality: Miniature horses are known for their friendly and calm temperaments, making them excellent pets and service animals. This of course can differ within genetics and backgrounds.

They are easily trained: Due to their disposition and intelligence, miniature horses are relatively easy to train for various tasks, including riding, driving, and even as service animals.

They require similar care to larger horses: While they require less feed, miniature horses still need regular hoof care, dental care, veterinary attention, and access to healthy forage.

They can be used as service animals: **The Americans with Disabilities Act recognizes miniature horses as legitimate service animals**, providing comfort and assistance to people with disabilities.

They have a lifespan of 25-35 years:

Miniature horses typically live for 25 to 35 years, making them long-term companions if given proper care and of sound genetics.

They can be used for various activities:

Miniature horses can be used for riding, driving, and even participating in agility courses, similar to dogs.

They have a small but strong build:

Despite their small size, miniature horses have a muscular build and are capable of pulling carts and **other light tasks**. They are not built for riders more than 20% of their body weight including tack. (Never over 70 pounds).

They are often bred for specific types:

Breeders focus on two main types, a "stock horse type" and a "refined" type, each with its own characteristics.

They are relatively easy to groom:

Miniature horses are easy to groom and don't shed or trigger allergies like dogs often do.

Calling all Cloverbuds!

We will have crafts at the Showcase on the 4-H Mall during fair week from 2-3 pm

Bring any supply donations to the 4-H office or Leaders Council meeting.

Auction – Start To Finish

We presented this topic at the All-Species meeting in February but thought it might be helpful to summarize the key takeaways to get ready for the livestock auction at the fair.

1. **Prior to Fair Week (May, June, July):**

- a. Invite buyers
 - i. Who are you are going to invite?
 1. The list of potential buyers is endless – family (grandparents, aunts/uncles, cousins), friends, parents' business acquaintances or coworkers, doctor, dentist, local feed supply company, car salesman, etc.
 - ii. How do you plan to invite your buyers?
 1. This can be accomplished by writing and mailing a letter or even better taking your letter/brochure/flyer and visiting your potential buyers in person!
 - iii. What might you include within a letter/brochure/flyer?
 1. Youth information – name, years in 4-H/project, what animals you are exhibiting at the fair
 2. What have you learned in 4-H?
 3. Maybe a picture so they recognize you on the day of the auction.
 4. Auction information – date, time, location, sale order
 - iv. Other information to share with potential buyers:
 1. They can do an “add-on” if they are unable to be present at the auction. The QR code is included in the auction letter sent out closer to fair time by the MSUE 4-H Office.
 2. They could have someone come in their place with a defined budget amount to purchase an animal.
 3. What happens when you purchase an animal? There are options:
 - a. Have it processed
 - b. Resell it (sheep, beef, and swine can be resold)
 - c. Donate the animal
- b. Take and print 4x6 pictures for the auction green boards – pictures to be submitted to species superintendents. Picture should consist of clean finished animals & 4-Her in show clothes.

2. **Fair Week:**

- a. Hang up a thank you sign over your pen for the previous year's auction buyers
- b. Reach out to your buyers to remind them of the auction and tell them how you did in the show

3. **Auction Day (August 7, 2025):**

- a. Wear show clothes – the same kind of outfit you wore on show day!
- b. Greet your buyers, thank them for coming, shake hands
- c. Get lunch with them, show them your animals
- d. After you sell in the auction:
 - i. Find out who bought your animal
 - ii. Go find them in the stands (ask others if you don't know who they are)
 - iii. Shake their hand, say thank you, and give them a small gift of appreciation (not required but many do provide gifts)
 1. Examples of gifts:
 - a. Purchased gifts or gift baskets such as popcorn, candy, BBQ kit, candles, etc.
 - b. Homemade goods such as jam, cookies, honey
 - c. Other: customized cutting boards, tumblers, ornaments, etc.
- e. Other things to do ASAP after the auction:
 - i. Print out list of buyers with addresses after the auction at the check-out station or find the list posted in your species barn later that night Hang up new thank you signs for this year's buyers
 - ii. Write thank you notes – due Saturday of fair week by 12noon.

Thank You Notes Guidelines:

- Hand-written, addressed, return-addressed, stamped, not sealed
- Submitted to superintendents by Saturday of fair week by 12noon
- Superintendents will review and mail the following week
- Must write thank you notes for any awards/trophies received in addition to buyer thank you's.
- Notes should be sincere, best handwriting, at least 3 sentences each

What does a good buyer thank you note consist of?

- A greeting with the buyer's name or company.
- An acknowledgment of the specific reason for thanks (i.e., the purchase of your project).
- The reason why you appreciate the buyer. For instance, they supported you and your 4-H project, have been generous to 4-H, or took time to benefit youth.
- How you plan to use the money from the sale (i.e., savings or to purchase next year's project, etc.)
- A comment or details about yourself or an update on your life. For example, you can explain how you enjoy 4-H or something you learned in your project.
- A repeat of your thank you.
- A closing and your signature (e.g., With thanks, name or Sincerely, name)

Michigan 4-H Youth Code of Conduct

The opportunity to participate in or attend 4-H activities is a privilege. All 4-H participants – youth, families, volunteers, and Extension staff who participate in or attend any activity or event sponsored by the Michigan State University Extension 4-H Youth Development Program are expected to uphold the values of the Michigan 4-H program.

All 4-H youth participants must conduct themselves according to the following standards that apply to all Michigan 4-H programs, including virtual programs, and interactions such as social media and internet engagement-

1. **Create a Welcoming Environment for All.** Encourage everyone to fully participate in 4-H. Recognize that all people have skills and talents that can help others and improve the community. Though we will not always agree, we must disagree respectfully. When we disagree, try to understand why. Our first priority is to create a safe, inclusive space for learning, sharing and collaboration that is welcoming to people from diverse backgrounds, cultures, and perspectives. Diversity includes, but is not limited to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.
2. **Bring Your Best Self.** Conduct yourself in a manner that reflects honesty, integrity, self-control, and self-direction. Accept the results and outcomes of 4-H activities and programs with grace and empathy for other participants. Accept the final opinions of judges and evaluators. Be open to new ideas, suggestions, and opinions of others.
3. **Obey the Law.** Obey the laws of the locality, state and nation and Michigan State University and Extension policies and guidelines. Commit no illegal acts. Do not possess, offer to others, or use alcohol, illegal drugs, marijuana, or tobacco products, which include e-pens, e-pipes, e-hookah, e-cigars, JUULs, vapes, vape pens or other electronic nicotine delivery systems. Do not attend 4-H activities under the influence of alcohol or illegal substances. Do not possess or use weapons or firearms except as expressly permitted as part of supervised 4-H shooting sports programming. This includes dangerous or unauthorized materials such as explosives or similar items.
4. **Honor Diversity – Yours and Others’.** Respect and uphold the rights and dignity of all persons with whom you interact as part of Michigan 4-H.
5. **Create a Safe Environment.** Be kind and compassionate toward others. Be considerate and courteous of all persons and their property. Do not carelessly or intentionally harm or intimidate anyone in any way (verbally, mentally, physically, or emotionally). Do not insult, harass, or bully others or engage in other hostile behaviors, including sexual harassment, sexual assault or sexual abuse. Abstain from sexual behavior and intimate physical/sexual contact in either public or private situations at an MSU Extension youth 4-H activity or event.
6. **Be a Team Player.** Work cooperatively with all individuals involved in 4-H programs and activities. Be responsive to the reasonable requests of the person in charge such as volunteers and staff. Respect the integrity of the group and the group’s decisions.
7. **Humane Treatment of Animals.** Treat animals humanely and provide appropriate animal care.
8. **Participate Fully.** Participate in and contribute to planned programs, be on time and follow through on assigned tasks/responsibilities in a manner that fosters the safety, well-being, and quality of the educational experience for self and others.

Have fun!
