

As you know, MSU Extension made the decision to suspend all face-to-face youth events and programs that take place anywhere in the state. This applies to all Michigan 4-H events and activities scheduled through September 1, 2020. Youth safety and security are a guiding principle of Michigan 4-H; this decision was a reflection of that and our ongoing commitment to helping Michigan youth be physically and emotionally safe.

Although the Macomb County Top 4-Her Competition cannot be facilitated in person, we are still able to recognize the best of the best in our county through this program remotely. Below are some special changes and instructions to this year's Macomb County Top 4-Her Competition in light of our circumstances.
