4-H in Spring

Happy Spring Manistee County! I hope that you are all enjoying the spots of beautiful weather we have been enjoying. As we move into warmer temperatures, questions surrounding the return to face-to-face programming continue. I want to give you all as much of an update as I can at this time.

Michigan State University Extension has published a website where the most up to date information is all in one convenient location on page 4 of this newsletter. Keep this site handy, check it regularly, and if there are any questions please feel free to reach out! In the meantime if any of our local virtual clinic can be transitioned to in-person or hybridized, we will do what we can to make it happen.

There are many upcoming Scholarship opportunities and SPIN Clubs to participate in! Make sure you are active in 4-H Online to take full advantage of programs on pg. 2 & 3! If you're looking for what this PC recommends, the Market Livestock financial Clubs, our upcoming Modern Marketing Clinic for Benzie and Manistee, and Inked! A Global/Cultural History of Tattoos all look exceptionally interesting to me personally. However, all the virtual programming I have attended or been a part of has been phenomenal!

Best,

Ali Olson

Approved 4-H Activities in 2021

MSU Extension and Michigan 4-H professionals are working diligently to chart a path toward resuming in-person programming when it is safe to do so during the current public health crisis. Though it is premature to cite a specific date, no one is more eager than our own staff to resume events, club meetings, competitions, and fairs. Using guidance from the Michigan Department of Health and Human Services and the university, as well as the most current science available, we will modify all MSU Extension programming to adhere to public health standards at the federal, state, and local levels.

MSU Extension professionals have been thoughtfully creating guidelines that allow Michigan 4-H volunteers and members to conduct limited business while protecting public health. This information helps create a path forward with the **eventual** goal of in-person programming. To help inform volunteers and 4-H families of the most current guidelines, Michigan 4-H launched the Approved 4-H Activities in 2021 webpage. This website will be updated every two weeks or as soon as new information becomes available.

It is imperative that volunteers and 4-H'ers alike adhere to the current guidelines so we can continue to focus on community standards for eventual in-person events and programs. To view the current listing of approved activities, visit extension.msu.edu/approved4Hactivities. If you have any questions, please contact your [local 4-H program coordinator](#).
