Michigan 4-H eliminates 4-H participation fee

It is with great enthusiasm that MSU Extension has eliminated the 4-H participation fee beyond the current program year. The fee was not collected in 2020-2021 in consideration of the financial strain put on some families due to the COVID-19 pandemic. This pause gave the organization an opportunity to reflect on how it can best reach all audiences. Despite best efforts, this fee has been a barrier for some. By removing the fee indefinitely, MSU Extension feels it can best bring the power of 4-H to all young people in Michigan.

MSU Extension 4-H program coordinators played a large role in leading MSU Extension through this decision. These professionals serve alongside youth across the state and have been champions for removing the participation fee in an effort to better reach under-served audiences in rural urban and suburban communities.

It is important to note that enhancements previously supported by 4-H participation fee funds, including 4-H grants, awards and scholarships, and supplemental accidental insurance for 4-H youth and volunteers, will continue. Michigan 4-H has identified alternative funding sources that can support these and other local and state programing initiatives previously enhanced by participation fee dollars. This includes endowments, grants, reallocating funds formerly used for 4-H participation fee scholarships and other methods. The quality and quantity of programming offered by Michigan 4-H will not be diminished as a result of the participation fee dissolution.

The last 15 months have been difficult. MSU Extension is excited to once again offer faceto-face programs in local communities and hopes this new policy will provide the current and future 4-H community with new and improved opportunities to grow with 4-H.
