## CREAM-NUT

Since 1925

The Koeze Company story began when Sibbele Koeze emigrated to America from the Netherlands in the 1880's. He built upon his Old World commitment to hand-crafted, artisanal food and in 1910 established a thriving produce business. Sibbele's solid commitments to quality, value and service remain the cornerstone of Koeze Company today.

Albertus, Sibbele's son, began the manufacturing of fine hand-crafted peanut butter in 1925, and we are still making the same all-natural peanut butter to this day using vintage manufacturing equipment and methods.

We complimented our Cream-Nut brand with the introduction of Sweet Ella's 100% Organic Peanut Butter. Crafted exactly like Cream-Nut but with 100% organic Spanish peanuts.
