The MSU Product Center is pleased to announce the 11th annual “Making It In Michigan” Conference and Marketplace Trade Show to be held Thursday, November 8th at the Lansing Center. The theme of this year’s conference is “Connecting With The Consumer – Understanding Today’s Market”. We anticipate over 400 participants from around the state and welcome this opportunity to bring our clients, partners, government representatives and university colleagues together for a day solely focused on growing Michigan’s economy.

**Conference Overview**

Once again, the conference features multiple networking and educational sessions bringing together leading Michigan experts to help guide attendees in launching and expanding their food or ag-related business. Tabitha Mason, Managing Partner, Zingerman’s Cornman Farms, will be the featured speaker during lunch and discuss the importance of creating a vision and how the company has grown exponentially by focusing on great food and great service.

**Marketplace Trade Show Overview**

The Marketplace Trade Show will feature over 200 vendors of Michigan specialty food and agricultural products. Michigan’s premier specialty food show continues to create an exclusive, one-day opportunity for local companies to network with retail buyers across the state.
