Record Book		See Educational Dept. 76
Master Stockman		See Livestock Educational Dept. 27

*: Classes in this section are required to submit photos of your project with the following angles (5): exhibitor with project, hair length, front view, back view, side profile A, and side profile B.

#: Classes in this section will require a video no longer than 90 seconds and should be continuous in nature with no narrative. The video is required to start with a close up of the animal ear tag. The exhibitor should utilize the camera person as the judge, moving their animal away and around the camera person as they would be showing their animal in the showing. The video should include all angles of the animal in order for a judge to make an evaluation. The exhibitor is required to be in the video at all times. Three still photos are also required, one showing a close up of the ear tag, the second one a photo of the animal and the exhibitor, and the third photo showing length of hair. We suggest that proper show attire be worn. More information on how to take a good photo and video can be found at the [MSU Extension Virtual Learning Showcase and Auction](#) website, or by calling the 4-H office. Additional information will be sent on how to upload your video and photos.

Before submitting your classes, you must upload your pictures and video. You will also declare a weight for the market classes and animal birthdates for breeding classes.

Evaluation and Awards: All classes will be evaluated using the Danish method (i.e. A, B, C). ONLY Showmanship classes will be placed with Grand and Reserve Champion designations. Cloverbuds will receive participation ribbons. Premiums will be awarded where applicable.

Rule Adjustments (for 2020 Monroe County 4-H Virtual Showcase and Auction ONLY):

swine show will NOT be terminal (i.e. youth exhibitors will be able to participate in classes and opt for 'no sale'); swine flu vaccines will NOT be required
