4-H Family News

Montcalm County

Happy Spring 4-H Families and Volunteers,

We have a lot going on these next two months before fair and I want to make sure everyone gets all the information they need to be successful.

If there are any male gold level volunteers that would like to assist in chaperoning for Exploration Days at MSU, please reach out to me ASAP. It will be free for you to go!

Committee specific notes are on pages 2 and 3, followed by County 4-H news and events on pages 4 and 5. To see what's happening at MSU throughout the State, see pages 6 and 7. Follow us on FB for more updates throughout the month (<https://www.facebook.com/MontcalmCounty4H>) or (<https://www.facebook.com/MSUExtensionMontcalm>).

If you're using Zoom for meetings, take note of the changed meeting ID's below.

Sincerely,
Sunni Haglund
4-H Program Coordinator

Shootin and Showin is hosting archery practice at the Central Michigan Sportsmans Club just East of Stanton. The upcoming days are April 30th, May 14th and May 30th at 5pm.

Committee News

Community Connections (<https://www.facebook.com/groups/1847422928809492>)

The Montcalm County 4-H Community Connections Committee is hosting Line Dance Lessons with Lia on May 11th from 6:30-8:30pm, at the Ash Building. \$5/person or \$20/family, with concessions provided by Wesco of Belding.

Shoebox float projects are changing to family submissions this year. Judging will take place on Sunday the 18th of June after the still exhibit judging.

What community service projects has your club done? Send a roll-up or a little blurb to Sunni at haglun10@msu.edu by the 15th of May. We'll be putting together club streamer supplies and mailing them to the clubs that participate, to put on our spirit stick before opening ceremonies! Sunni will also showcase the clubs that participate on social media and in our June newsletter!

Marketing / Fundraising Committee

Committee recently sent out a letter to the community asking for donations in general for the Fair Association for Reading for Rides and Special Needs Day. If you know of any business that may be interested, please reach out to them or pass their information along to Sunni at haglun10@msu.edu.

Dog Committee (<https://www.facebook.com/groups/1847422928809492>)

The 1st week of every month, the practice day will be posted on the Montcalm County 4-H Dog Group Facebook page. Montcalm Friends -N- Critters is also hosting open dog practice every Tuesday at 6:30 in Stanton (weather permitting). For more information, please call Amanda Moran at 989-287-0979.

COUNTY 4-H NEWS

Pre-College Programs 4-H SPIN Club

MSU-Extension has been working on finding ways to prepare young people for 4-H Pre-College programs. Our goal is to help young people get the most out of their 4-H experience and fill their toolbox for the future. Two of our Extension Educators have created a resource called “Introduction to Pre-College Programs 4-H SPIN Club Guide.” They are looking for youth to pilot it starting this spring. The pilot will run through the fall to allow you to choose the time frame that works best for individual participants.

This guide provides information on all the 4-H pre-college programs we offer, and each week is structured to introduce a step that helps in preparation for the program of their choice.

We understand that some of these programs will come and go, and we will keep adjusting it as time goes on. The guide is easy to follow and does not require in-depth knowledge of each program to be able to use it in a meaningful way. It encourages youth to work in small groups or independently to learn and mentally/ emotionally prepare for a great opportunity.

Please contact Sunni Haglund @haglun10@msu.edu for more information.

Pullorum Testing Workshop

We are hosting a pullorum testing workshop at the Double K Farms in Cedar Springs on May 13th from noon to 3pm.

For more information, please email Sunni at haglun10@msu.edu.

Tips for purchasing and bringing home livestock

Adapted from: www.canr.msu.edu/resources/tips-for-purchasing-and-bringing-home-livestock

Acquiring new stock is exciting whether you are building your herd or flock or purchasing your annual 4-H project. These tips will help manage their health and safety by making sure you know what to ask before purchasing and how to prepare to bring livestock home.

Assessing Animal Health and Treatment Documentation

When purchasing animals, you should know their history. Ask the following questions:

- When was the animal born?
- What specific vaccinations has the animal been given and when were they given?
- If necessary, was the animal properly castrated and what method was used?
- Have any other treatments been administered to the animal? If so, what is the slaughter withdrawal for the drugs given?
- Have any of the animals on the farm been ill or shown symptoms of illness?
- If acquiring a market animal, what is the approximate weight?

Considerations as You Bring Animals Home

Transporting. Secure a trailer. If you do not own a trailer, make arrangements with someone who can transport animals for you. Be prepared to pay someone to provide transportation, as a courtesy.

Unloading. Make sure that your facility is ready to house your new animals before they arrive. Have a pen identified for new animals to go into with fresh water and appropriate feed. (Feed should be similar to their previous diet; changing to a new diet should be done over a period of time.) Have a clear and direct path to the animals' new pen from the trailer. Make sure that all gates are open or closed, as appropriate, and secured.

Settling in. Quarantine, or separate, new animals for a minimum of 21 days. At minimum, try to avoid nose-to-nose contact, and comingling feeding and watering. Minimize stress on new animals during the quarantine period. If after 21 days, the newly acquired animals have not shown any symptoms of illness, it should be safe to comingling them into your existing herd or flock.

Comingling. Since each species has a social hierarchy, observe animals during comingling and separate if there is risk of injury. Over the course of a day, the herd or flock should settle into a routine that includes the new animals.
