## Pollution Isn't Pretty!

The Middle Grand River Organization of Watersheds (MGROW) is pleased to announce the development of a new water resources brand for the Mid-Michigan area: *Pollution Isn't Pretty*. The brand is funded by the Tri-County Regional Planning Commission's Mid-Michigan Program for Greater Sustainability.

The campaign will streamline educational efforts to create clear, consistent messages that educate area residents about water quality concerns and what they can do to reduce pollution and protect our region's water resources. All mid-Michigan watershed (protection) groups including the GLRC and many other agencies will use this campaign. Be sure to keep your eye out for *Pollution Isn't Pretty*, and visit the website: [Pollutionisntpretty.org](http://Pollutionisntpretty.org) to learn what you can do to help improve and protect our water resources.
