

## Tim Boring Title and Abstract for PFAS Symposium

**Title:** MDARD Update (or MI Dept. of Agriculture & Rural Development's Approach)

**Abstract:** MDARD Director Dr. Tim Boring will talk about the Department's response to PFAS, including working within the structure of the Michigan PFAS Action Response Team. He will discuss the challenges and opportunities that have come with being one of the leading states in this area, and how the Department is looking to the future in work on both emerging contaminants and regenerative agriculture.
