

COMPREHENSIVE ACTION FOR CLIMATE CHANGE INITIATIVE – ASIA (CACCI-ASIA)

CACCI-ASIA IS A CALL TO ACTION TO: Accelerate NDC and NAP Implementation

1

Clarify ambitions and set policy agendas, by establishing a baseline and conducting stocktaking and status assessments

2

Strengthen human capacity and improve institutional infrastructure by building expertise of local, regional, and national actors, through developing data, analytics, and tools

3

Facilitate implementation and progress towards net zero carbon with up to 500 million people more resilient through leadership, coordination, and developing pathways for impact

4

Track progress and report and monitor against indicators through analysis and assessments, maintaining dialogues, and establishing mutual learning and accountability
