COVID-19 Vaccine

Recent CDC data suggests that even fully vaccinated individuals can, in some cases, spread COVID-19. As such, MSU has updated requirements for all students, faculty, staff and visitors.

➢ All individuals are required to wear masks indoors in all campus buildings and other MS facilities in East Lansing and throughout the state. This requirement will be in place for at least the first weeks of the fall semester.

➢ All students, faculty and staff are required to be vaccinated against COVID-19 with an FDA-authorized or WHO-approved vaccine (at least first does) by August 31st. Limited exemptions for medical or religious reasons will be provided.

Supporting Veterans During Current Events

The events unfolding in Afghanistan are difficult to watch, particularly for American military servicemembers who have served in or in support of the region. While there is much beyond our control, we can show our steadfast commitment to resilience and wellness in our veterans and their families. Michigan State University Extension has long supported veterans through family support programming, emotional wellbeing initiatives and more. We encourage you to reach out to military families at this difficult time and remind them of support services available to them from MSU Extension and others. This includes:

➢ MSU Extension Veteran Resources Fact Sheet
➢ MSU Worklife Office
➢ Veterans Crisis Line
➢ Getting Started with VA Mental Health Services

COVID-19 Updates

Important New Information, Please Read

The form for all faculty, staff and students to verify their vaccination against COVID-19 is now available at go.msu.edu/covidvaccinestatus. You are required to complete the form and to revisit it if your vaccination status changes over the next few weeks. All members of our campus communities must complete this form by Tuesday, Aug. 31, even if they previously completed the university’s vaccine survey.

MSU will recognize medical and religious exemptions to its vaccination requirement, as well as exemptions for students taking only online classes this semester and not coming this fall to campus or property owned or governed by MSU for any reason. Individuals seeking an exemption due to a sincerely held religious belief must submit a request using the religious exemption form. Those seeking an exemption due to a medical condition must submit a request using the medical exemption form. Students pursuing an online-only exemption must submit a request using the online courses exemption form.

All exemption requests must be submitted on or before Aug. 31. Those who do not comply with the vaccination verification or exemption requirements by Aug. 31 may face discipline up to and including dismissal from MSU.
COVID-19 Updates

If you haven’t already received a COVID-19 vaccine, it is time to take that critical and important step to protect yourself and our communities. All members of the MSU community can receive a free COVID-19 vaccination through the MSU Health Care Pharmacy. For those not in the East Lansing area, visit vaccines.gov to find a U.S. vaccination site near you. International students and scholars should seek out a WHO-approved vaccine.

Additionally, free COVID-19 vaccination clinics leading up to and following the vaccination requirement deadline are available to all students, faculty and staff seeking to begin or complete their vaccine regimen.
